CALL TO ORDER

At 4:00 p.m., Chair Chen called the regular meeting to order in the City of Cupertino Conference Room A, 10300 Torre Avenue.

ROLL CALL

Committee Members Present: Chair Angela Chen, Vice Chair Sheila Mohan, Committee member J.R. Fruen, Committee member Laura Hammer, Committee member Sophie Song

City Staff Present: Kristina Alfaro, Thomas Leung, Janet Liang, Matt Morley, Jonathan Orozco

Absent:

Guests: Carlos Oblites (Chandler), Colleen Rozillis (Moss Adams), Will Rogers (PARS), Ryan Maxey (U.S. Bank), Rick Rosenthal (U.S. Bank)

ORDERS OF THE DAY

1. APPROVE MINUTES OF REGULAR MEETING ON JULY 24, 2023

Chair Chen motioned with an edit; Committee member Hammer seconded. No public comment. The motion passes unanimously.

POSTPONEMENTS

ORAL COMMUNICATIONS

OLD BUSINESS

NEW BUSINESS

2. Receive OPEB & Pension Section 115 Trust Performance Report for the Quarter Ending September 30, 2023

Rogers provided an overview of the report. Rosenthal provided an overview of the report. Committee member Song asked what is the impact the war in Israel will have to our portfolio. Rosenthal noted that at this point in time he cannot say but it does create some uncertainty. Vice Chair Mohan asked if there are any plans to make an adjustment within the equity portfolio or to increase the fixed assets portion of the portfolio. Rosenthal noted no because equity is more favorable than the bonds.

No public comment.

3. Receive the Treasurer's Investment Report for the Quarter Ending September 30, 2023

Leung provided an overview of the report. Oblites provided an overview of the report. Committee member Fruen asked if he agrees with what USBank said that we are not headed towards a recession. Oblites noted that if there is a recession that it would be headed towards a minimal recession which would be barely felt.

No Public Comment.

Committee member Fruen motioned. Vice Chair Mohan seconded. The motion passes unanimously.

4. Receive the Internal Audit and Fraud, Waste, and Abuse program update

Rozillis provided an overview of the report. No public comment.

5. Review the OPEB and Pension Trust Investment Policy

Orozco provided an overview of the report. Vice Chair Mohan asked if the difference between the two numbers is due to strategy. Orozco noted that the vendors have their own actuaries but every 2 years they will do a full analysis and in between they use a roll forward and assume the same assumptions. Orozco added that this year, they made changes to the assumptions that people are living longer, retiring later, investments not doing as great, and use that to plan the City's liability. Vice Chair Mohan asked what the difference is between this policy and last year's. Orozco noted that there was only an update to the asset amounts and Rosenthal's contact information.

No public comment.

Committee member Fruen motioned. Committee member Hammer seconded. The motion passes unanimously.

6. Receive the Budget Format Review

Leung provided an update. Committee member Song asked where the budget discloses the revenue-sharing sales tax agreements. Leung noted that the budget accounts for the net sales tax revenue. Orozco noted that accounting wise and how it is reflected in the ledger it is net. Alfaro noted that the City is required to do that because there is confidentiality related to sales tax, and if it is disclosed, the City would be in violation of confidentiality.

Chair Chen asked if the development revenue estimate includes sales, property, and hotel tax. Leung noted that it would depend on the type of development; if it were a hotel, it would generate a transient occupancy tax.

Committee member Song asked if we could disclose how many revenue-sharing agreements there are. Alfaro noted that we have 2, and they have gone to City Council for approval, with the agreements being able to be found online.

Vice Chair Mohan asked if the development revenue is an anticipated plan and why the budget would not include it. Alfaro noted that it is risky. For example, we budgeted the revenue for Prunridge being sold two years before we received it and had to come back to reallocate dollars because we did not receive the revenue.

No public comment.

7. Receive the Annual Comprehensive Financial Report (ACFR) and AUP Update

Orozco provided an update. Vice Chair Mohan noted that the ACFR was late last year and asked if we would face the same situation this year. Orozco noted that we will not be as delayed and noted that it will go to Council in February.

No public comment.

8. Consider the Audit Committee 2024 Schedule and Work Plan

Orozco presented the committee's work plan. Chair Chen proposed to cancel the January 22, 2024 meeting and create a special meeting on January 29.

STAFF AND COMMITTEE REPORTS

Chair Chen requested staff update the Audit Committee with City Council approved financial changes that materially affect the City.

Section 1 | Economic Update

Economic Update

- Recent economic data has shown above trend growth fueled by a rise in consumer spending and a continuing healthy US job market. Inflationary trends are subsiding, but core levels remain above the Fed's target. Given the cumulative effects of restrictive monetary policy and tighter financial conditions, we believe the economy will gradually soften and the Fed will loosen monetary policy in 2024.
- As expected at the January meeting, the Federal Open Market Committee voted unanimously to leave the Federal Funds rate unchanged at a target range of 5.25 - 5.50%. Fed Chair Powell signaled that the federal funds rate is likely at or near its peak, but discounted market expectations of a rate cut in March. We believe the FOMC will loosen monetary policy in mid-2024 as inflation and economic growth continue to moderate.
- US Treasury rates rose across the curve in February on higher inflation and a more hawkish Federal Reserve. The 2-year Treasury yield surged 41 basis points to 4.62%, the 5-year Treasury increased 41 basis points to 4.25%, and the 10-year Treasury yield rose 34 basis points to 4.25%. The inversion between the 2-year Treasury yield and 10-year Treasury yield widened to -37 basis points at February month-end versus -30 basis points at January month-end. The spread between the 2-year Treasury and 10-year Treasury yield one year ago was -90 basis points. The inversion between 3-month and 10-year Treasuries narrowed to -113 basis points in February from -146 basis points in January.

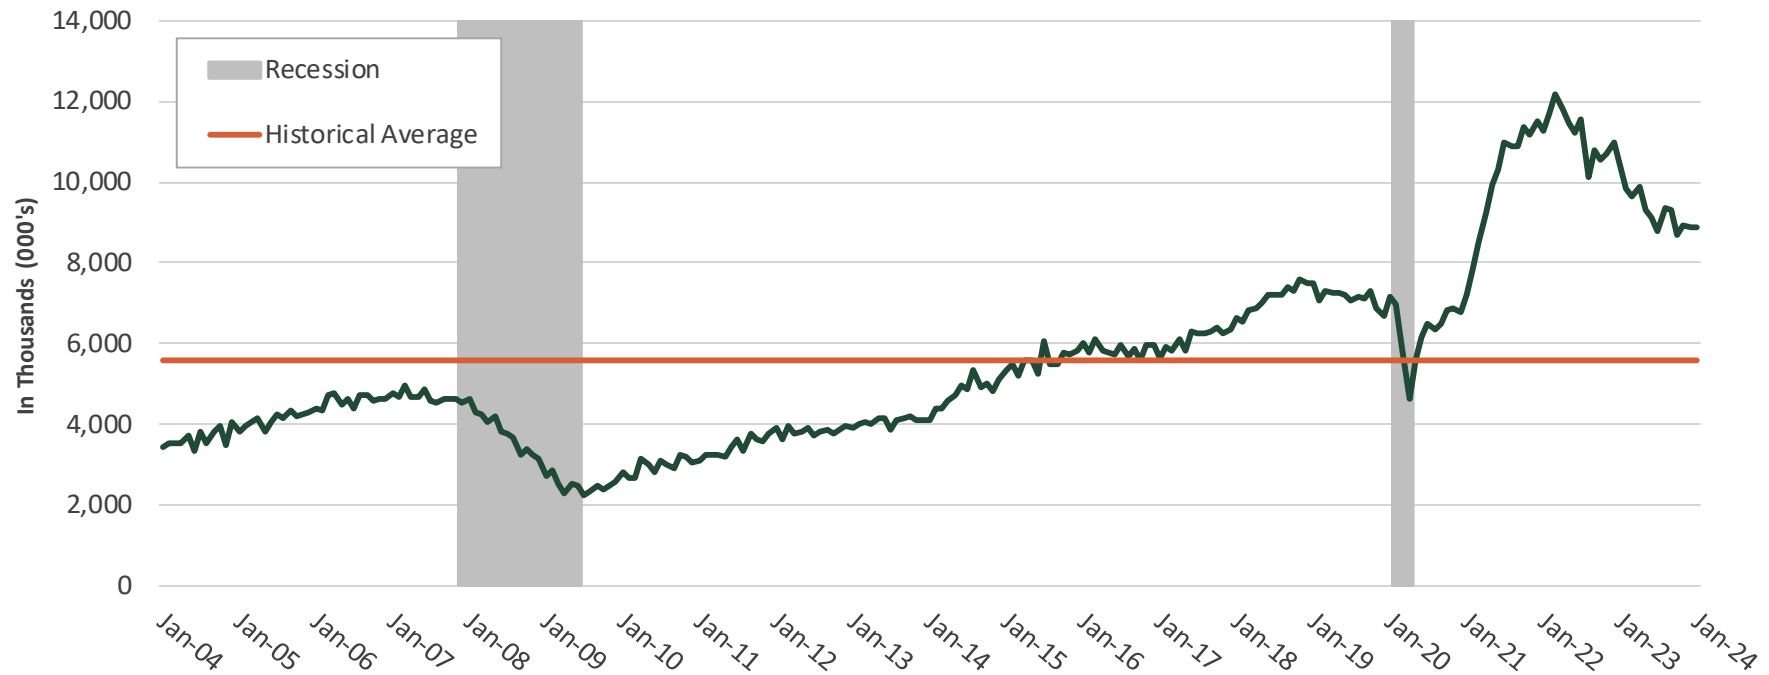

Employment

The U.S. economy added a better-than-expected 275,000 jobs in February, but the prior two months were revised down by 167,000. Leading sectors included healthcare and leisure and hospitality. Job creation remains healthy, with the three-month moving average payrolls at 265,000 and the six-month moving average at 231,000. The unemployment rate climbed 0.2% to a two-year high of 3.9% in February, signaling a resilient, yet cooling labor market. The labor participation rate was unchanged at 62.5%, remaining below the pre-pandemic level of 63.3%. The U-6 underemployment rate, which includes those who are marginally attached to the labor force and employed part time for economic reasons rose to 7.3% from 7.2% last month. Average hourly earnings rose 4.3% year-over-year in February, down from a 4.4% gain last month. Employment remains strong by historical standards, but recent data suggests a gradual downshift in the growth of the labor market.

Job Openings & Labor Turnover Survey

Job Openings

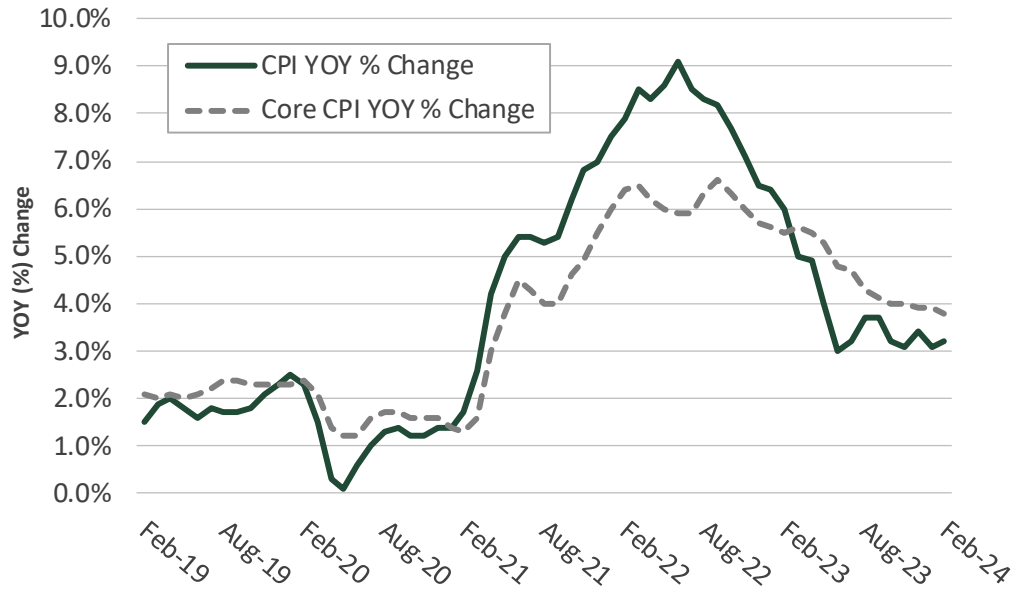

Source: US Department of Labor

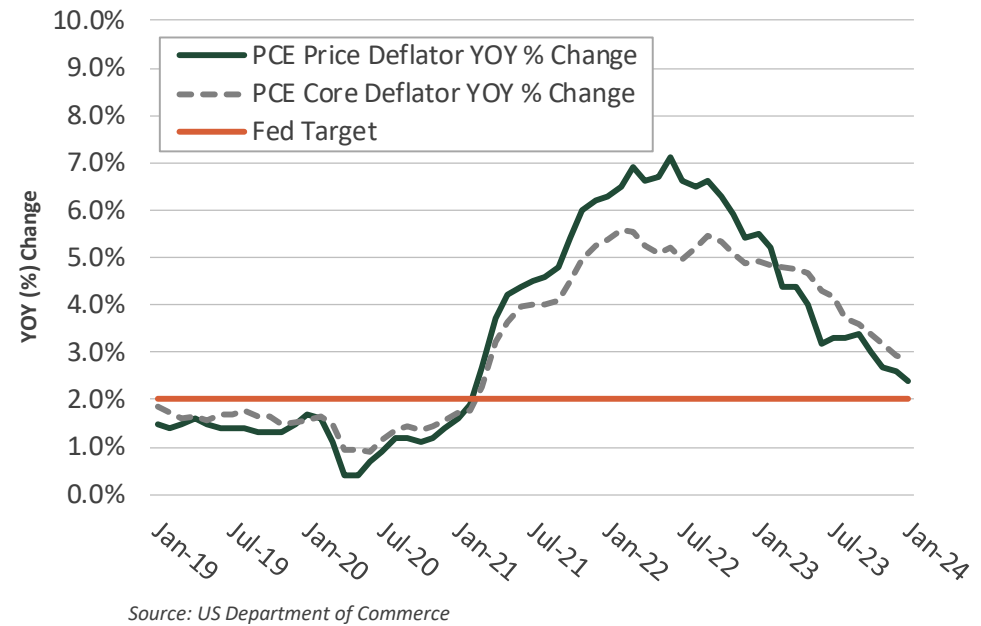

The Labor Department's Job Openings and Labor Turnover Survey (JOLTS) declined to 8.86 million in January, compared to a downwardly revised 8.89 million in December. Job openings still represent a healthy ratio of around 1.4 jobs for each unemployed individual. Fewer people voluntarily quit their jobs in January, indicating lower confidence in finding better opportunities. While the current level of job openings remains elevated from a historical perspective, the trend is decelerating.

Inflation

Consumer Price Index (CPI)

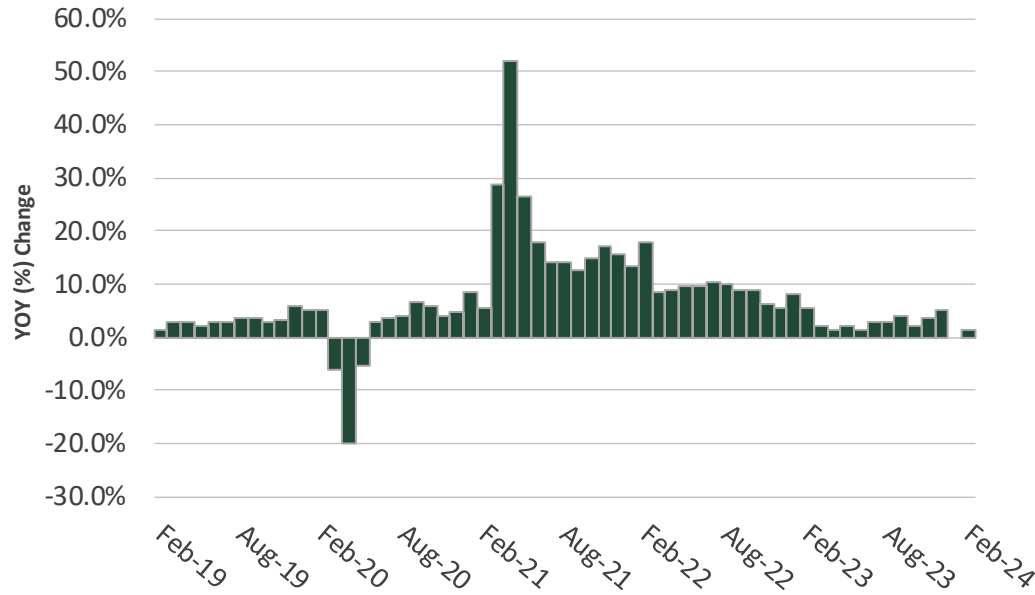

Personal Consumption Expenditures (PCE)

The Consumer Price Index (CPI) came in higher than expected in February, increasing 0.4% month-over-month and 3.2% year-over-year. The Core CPI, which excludes volatile food and energy components, was up 0.4% month-over-month and 3.8% year-over-year in February, falling from 3.9% last month. Shelter costs remain elevated, accounting for about two-thirds of the year-over-year increase. The Personal Consumption Expenditures (PCE) Index headline inflation increased 0.3% month-over-month and rose 2.4% year-over-year in January. Core PCE, the Federal Reserve's preferred inflation gauge, increased 0.4% month-over-month and continued its deceleration to 2.8% year-over-year in January from 2.9% year-over-year in December. Spending on services such as housing, utilities, financial services, and healthcare was offset by a large drop in goods purchases. While the trend is moderating, the path to the Fed's 2% inflation target remains uneven.

February Retail Sales fell short of expectations but rebounded 0.6% month-over-month from a downwardly revised 1.1% decline last month. On a year-over-year basis, Retail Sales growth increased just 1.5% for February. Sales got a boost in the month from building materials and garden equipment stores, motor vehicles, and higher prices at the pump. Control-group sales, which are used to calculate gross domestic product, were unchanged in February after falling in the prior month, suggesting weaker economic activity in the first quarter. The Conference Board's Consumer Confidence Index plunged to 106.7 in February after a sizeable downward revision to 110.9 in January. The lower reading was largely due to a deteriorating view of the labor market and business conditions. While the consumer has been resilient, dwindling excess savings, rising credit card balances, and the resumption of student loan payments pose potential headwinds to future economic growth.

The Conference Board's Leading Economic Index (LEI) fell 0.4% in January, marking the twenty-second consecutive month-over-month decline. The index dropped 7.0% year-over-year. The Conference Board is no longer calling for recession but expects GDP growth to slow to near zero this year. The Chicago Fed National Activity Index (CFNAI) declined more than expected to -0.30 in January from an upwardly revised +0.02 in December. On a 3-month moving average basis, the CFNAI rose to -0.02 in January from -0.14 in December, indicating a rate of growth slightly below the historical average trend.

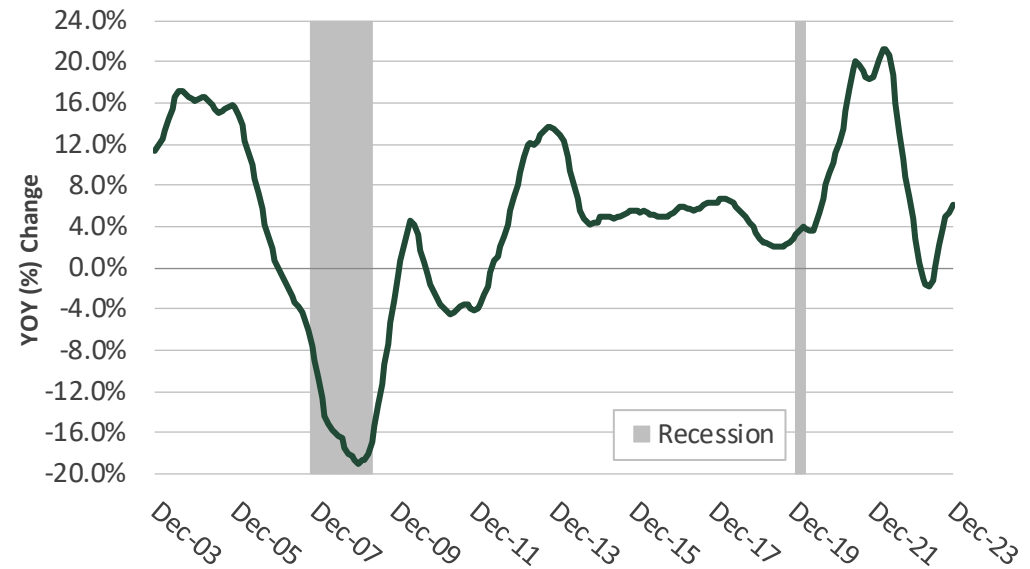

Housing

Annualized Housing Starts

Housing Starts decreased month-over-month in January by 14.8% at an annual rate of 1.331 million units. Starts for multi-family homes plunged 35.6%, while single-family home starts fell 4.7%. Total starts of new homes are down 0.7% year-over-year. The January decrease is likely due to intense cold weather delaying construction activity and heavier starts in late 2023 as mortgage rates were coming down. According to Freddie Mac, average 30-year fixed mortgage rates rose to 6.94% as of February 29th. According to the Case-Shiller 20-City Home Price Index, housing prices rose 6.13% year-over-year in December, accelerating from a 5.41% year-over-year gain in November. Tight inventories and higher mortgage rates continue to impact affordability.

Survey Based Measures

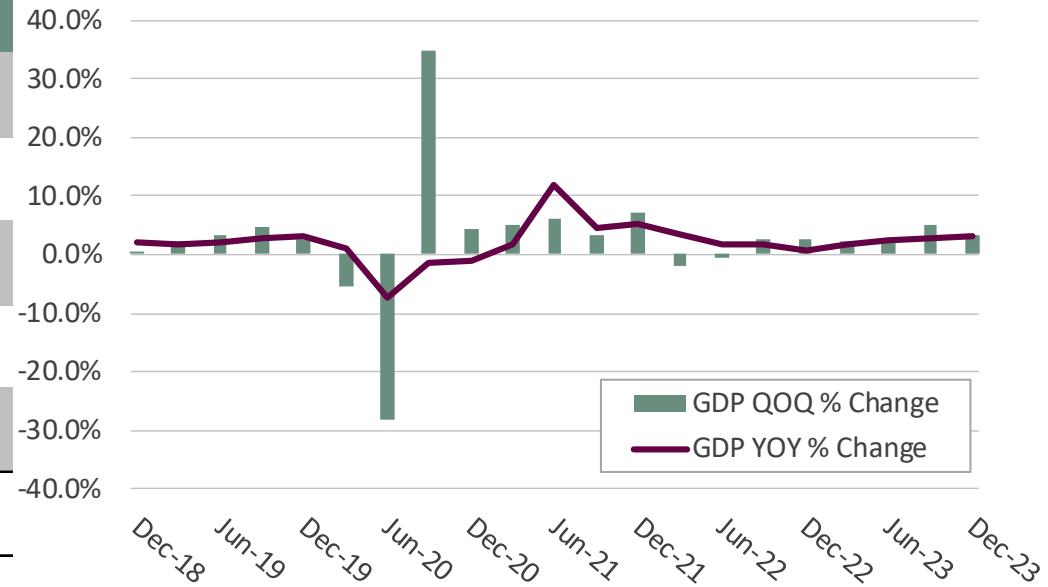

The Institute for Supply Management (ISM) Manufacturing index plunged to 47.8 in February from 49.1 in January as new orders retreated, marking the 16th consecutive month of contraction in factory activity below a reading of 50. The ISM Services Index fell to 52.6 in February from 53.4 in January, but remained in expansion territory for the 14th consecutive month. Respondents were mostly positive about business conditions but remained concerned about inflation, employment and ongoing geopolitical conflicts.

According to the second estimate, fourth quarter GDP increased at an annualized rate of 3.2%, down marginally from the advance estimate of 3.3%. Both personal consumption expenditures and government spending were revised higher, offset by lower contributions from gross investment and inventories. The consensus estimate calls for 1.8% growth in the first quarter and 2.1% growth for the full year 2024.

Federal Reserve

Federal Reserve Balance Sheet Assets

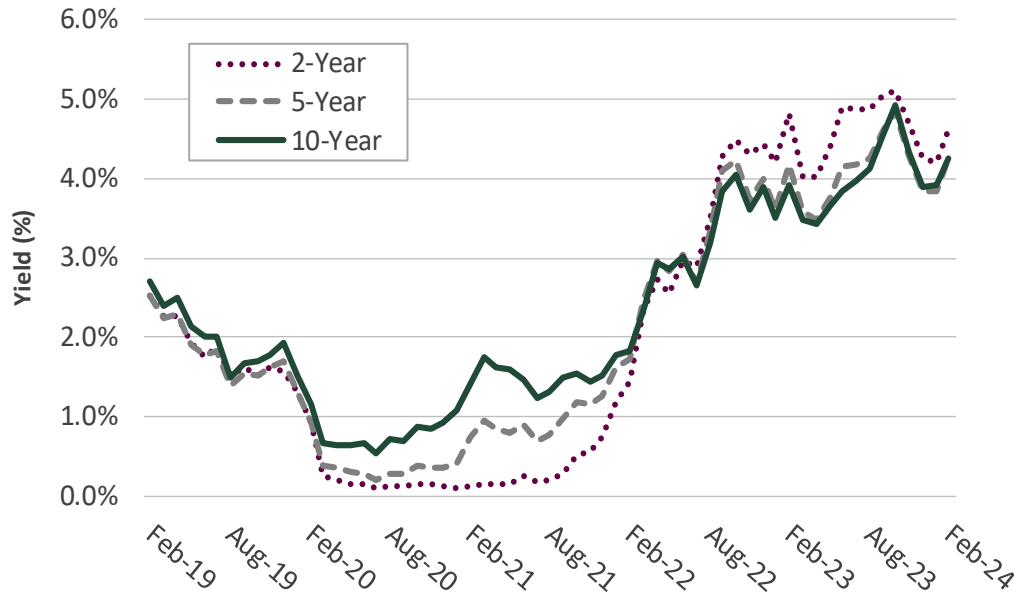

Effective Federal Funds Rate

As expected at the January meeting, the Federal Open Market Committee voted unanimously to leave the federal funds rate unchanged at a target range of 5.25-5.50%. The Fed assesses the progress to achieving its employment and inflation goals are moving into better balance, yet changes to monetary policy remain data dependent. The Committee does not expect it will be appropriate to reduce the target range until it has gained greater confidence that inflation is moving sustainably toward 2 percent. However, Fed Chair Powell signaled that the federal funds rate is likely at or near its peak. The futures market is pricing in 3 rate cuts in 2024. We believe the FOMC will loosen monetary policy in mid-2024 as inflation and economic growth continue to moderate. Since the Fed began its Quantitative Tightening campaign in June 2022, securities holdings have declined by over \$1.4T to approximately \$7.6T.

At the end of February, the 2-year Treasury yield was 20 basis point lower, and the 10-Year Treasury yield was 33 basis points higher, year-over-year. The inversion between the 2-year Treasury yield and 10-year Treasury yield widened to -37 basis points at February month-end versus -30 basis points at January month-end. The average historical spread (since 2003) is about +130 basis points. The inversion between 3-month and 10-year Treasuries narrowed to -113 basis points in February from -146 basis points in January.

Important Disclosures

As of February 29, 2024

2024 Chandler Asset Management, Inc, An Independent Registered Investment Adviser.

Information contained herein is confidential. Prices are provided by ICE Data Services Inc ("IDS"), an independent pricing source. In the event IDS does not provide a price or if the price provided is not reflective of fair market value, Chandler will obtain pricing from an alternative approved third party pricing source in accordance with our written valuation policy and procedures. Our valuation procedures are also disclosed in Item 5 of our Form ADV Part 2A.

Performance results are presented gross-of-advisory fees and represent the client's Total Return. The deduction of advisory fees lowers performance results. These results include the reinvestment of dividends and other earnings. Past performance may not be indicative of future results. Therefore, clients should not assume that future performance of any specific investment or investment strategy will be profitable or equal to past performance levels. All investment strategies have the potential for profit or loss. Economic factors, market conditions or changes in investment strategies, contributions or withdrawals may materially alter the performance and results of your portfolio.

Index returns assume reinvestment of all distributions. Historical performance results for investment indexes generally do not reflect the deduction of transaction and/or custodial charges or the deduction of an investment management fee, the incurrence of which would have the effect of decreasing historical performance results. It is not possible to invest directly in an index.

Fixed income investments are subject to interest, credit and market risk. Interest rate risk: the value of fixed income investments will decline as interest rates rise. Credit risk: the possibility that the borrower may not be able to repay interest and principal. Low rated bonds generally have to pay higher interest rates to attract investors willing to take on greater risk. Market risk: the bond market in general could decline due to economic conditions, especially during periods of rising interest rates.

Ratings information have been provided by Moody's, S&P and Fitch through data feeds we believe to be reliable as of the date of this statement, however we cannot guarantee its accuracy.

Security level ratings for U.S. Agency issued mortgage-backed securities ("MBS") reflect the issuer rating because the securities themselves are not rated. The issuing U.S. Agency guarantees the full and timely payment of both principal and interest and carries a AA+/Aaa/AAA by S&P, Moody's and Fitch respectively.

Your qualified custodian bank maintains control of all assets reflected in this statement and we urge you to compare this statement to the one you receive from your qualified custodian. Chandler does not have any authority to withdraw or deposit funds from/to the custodian account.

All investments contain risk and may lose value. Fixed income investments are subject to interest rate, credit, and market risk. Interest rate risk: the value of fixed income investments will decline as interest rates rise. Credit risk: the possibility that the borrower may not be able to repay interest and principal. Low rated bonds generally have to pay higher interest rates to attract investors willing to take on greater risk. Market risk: the bond market in general could decline due to economic conditions, especially during periods of rising interest rates. International: Non-US markets may be more volatile due to a variety of factors including less liquidity, transparency and oversight of companies and assets. Values of non-US investments may fluctuate due to changes in currency exchange rates. Non-US companies are also subject to risks that come with political and economic stability that may affect their respective countries. These risks may be greater in emerging market countries. Equities: Investments on equities are subject to risks from stock market fluctuations that occur in response to economic and business developments.

ICE BofA 1-3 Yr US Treasury & Agency Index

The ICE BofA 1-3 Year US Treasury & Agency Index tracks the performance of US dollar denominated US Treasury and nonsubordinated US agency debt issued in the US domestic market. Qualifying securities must have an investment grade rating (based on an average of Moody's, S&P and Fitch). Qualifying securities must have at least one year remaining term to final maturity and less than three years remaining term to final maturity, at least 18 months to maturity at time of issuance, a fixed coupon schedule, and a minimum amount outstanding of \$1 billion for sovereigns and \$250 million for agencies.

AU-C 260 Communication with Those Charged with Governance

For the Year Ended June 30, 2023

Agenda

Audit of the City of Cupertino for the Year Ending June 30, 2023

- Scope of Work
- Our Responsibility in accordance with Professional Standards
- Management Responsibilities
- Engagement Team
- Implementation of New GASB Pronouncements

Scope of Work

Audit of the City of Cupertino for the Year Ended June 30, 2023

- Audit of the Annual Comprehensive Financial Report (ACFR)
 - Report on Financial Statements
 - Report on internal control over financial reporting and on compliance in accordance with *Government Auditing Standards*
- Single Audit (applicable if total expenditures of federal awards exceed \$750,000)
 - Report on compliance over major federal programs, schedule of expenditures of federal awards and internal control in accordance with 2 CFR 200

Our Responsibility in Accordance with Professional Standards

Audit of the City of Cupertino for the Year Ended June 30, 2023

- Form and express an opinion about whether the financial statements that have been prepared by management with Board oversight are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America
- Plan and perform the audit to obtain “reasonable” assurance (not “absolute” assurance) about whether the financial statements are free of material misstatements.
- Consider internal control over financial reporting. Such considerations were solely for the purpose of determining our audit procedures and not to provide any assurance concerning such internal control.
- Exercise professional judgment and maintain professional skepticism throughout the audit.

Our Responsibility in Accordance with Professional Standards

Audit of City of Cupertino for the Year Ended June 30, 2023

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the City's ability to continue as a going concern for a reasonable period of time.

Management Responsibilities

- Preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America,
- Design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.
- In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the City's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.
