A Message from the City Manager

Hello Neighbors,

Spring is here! The trees are blooming everywhere, and we're looking forward to the Earth and Arbor Day Festival and tree planting event this weekend. Speaking of new beginnings, I am pleased to announce progress on several key efforts, including a new online encroachment permitting system, photovoltaic projects, new business openings, and the launch of the "Mayors Through the Years" webpage. The Business License Amnesty Program is also underway, and planning has begun for the Summer of Celebration Shop Local campaign to support local businesses.

The City is continuing to work with partner cities and Santa Clara County on the proposed sheriff service contract increases and will share updates as discussions move forward.

We are also focused on emergency management and preparedness, especially in light of the earthquake early this morning. Read about the latest efforts and learn how you can get involved and stay informed.

I hope to see you at one of the many upcoming events this month. Thank you for staying connected and engaged.
