Desk	2 year	Fiscal	Floor	Desk	Policy	Fiscal	Floor	Conf. Conc.	Enrolled	Vetoed	Chaptered
1st House				2nd House							

Summary:

The California Global Warming Solutions Act of 2006 authorizes the State Air Resources Board to include in its regulation of emissions of greenhouse gases the use of market-based compliance mechanisms. Current law requires all moneys, except for fines and penalties, collected by the state board from a market-based compliance mechanism to be deposited in the Greenhouse Gas Reduction Fund (fund) and to be available upon appropriation by the Legislature. Current law continuously appropriates 35% of the annual proceeds of the fund for transit, affordable housing, and sustainable communities programs and 25% of the annual proceeds of the fund for certain components of a specified high-speed rail project. This bill would require the state board, in each scoping plan update prepared by the state board after January 1, 2022, to include, consistent with the act, recommendations for achieving the maximum technologically feasible and cost-effective reductions of emissions of greenhouse gases and black carbon from wildfires.

Summary:

The Planning and Zoning Law requires a city or county to adopt a general plan for land use development within its boundaries that includes, among other things, a housing element. That law requires the Department of Housing and Community Development to determine whether the housing element is in substantial compliance with specified provisions of that law. This bill, starting with the 6th housing element revision, would require the department to determine the relative progress toward meeting regional housing needs of each jurisdiction, council of governments, and subregion, as specified. The bill would require the department to make this determination based on the information contained in the annual reports submitted by each jurisdiction, as specified.

Calendar:

6/14/2021 9 a.m. - John L. Burton Hearing Room (4203) SENATE ENVIRONMENTAL QUALITY, ALLEN, Chair

Summary:

Current law, as part of the hazardous waste control laws, requires the Department of Toxic Substances Control to regulate the management and handling of hazardous waste. Under current law, certain wood waste that is exempt from regulation under the federal Resource Conservation and Recovery Act

of 1976, as amended, is exempt from the hazardous waste control laws, if the wood waste is disposed of in a municipal landfill that meets certain requirements imposed pursuant to the Porter-Cologne Water Quality Control Act for the classification of disposal sites, and the landfill meets other specified requirements. A violation of the state's hazardous waste control laws, including a regulation adopted pursuant to those laws, is a crime. This bill would require a person managing treated wood waste to comply with the hazardous waste control laws or the management standards established in the bill, including standards for the reuse, storage, treatment, transportation, tracking, identification, and disposal of treated wood waste, as provided.

Summary:

The Planning and Zoning Law authorizes a local agency to provide, by ordinance, for the creation of accessory dwelling units in single-family and multifamily residential zones and requires a local agency that has not adopted an ordinance to ministerially approve an application for an accessory dwelling unit, and sets forth required ordinance standards, including that the ordinance prohibit the sale or conveyance of the accessory dwelling unit separately from the primary residence. Current law, notwithstanding the prohibition described above, authorizes a local agency to, by ordinance, allow an accessory dwelling unit to be sold or conveyed separately from the primary residence to a qualified buyer if certain conditions are met. This bill would require each local agency to allow an accessory dwelling unit to be sold or conveyed separately from the primary residence to a qualified buyer if the above-described conditions are met.

Summary:

Current law provides for the creation by local ordinance, or by ministerial approval if a local agency has not adopted an ordinance, of accessory dwelling units in areas zoned to allow single-family or multifamily dwelling residential use in accordance with specified standards and conditions. This bill would authorize the Treasurer, within 6 months of the effective date of these provisions, to develop the Help Homeowners Add New Housing Program with the purpose of assisting homeowners, as defined, in qualifying for loans to construct additional housing units on their property, including accessory dwelling units and junior accessory dwelling units. The bill would, with regard to the development of the program, authorize the Treasurer to consult with the California Housing Financing Agency, the Department of Housing and Community Development, and various other entities, including private lenders, community development financial institutions, community-based organizations, and local housing trust funds.

Summary:

The Density Bonus Law requires a city or county to provide a developer that proposes a housing development in the city or county with a density bonus and other incentives or concessions for the production of lower income housing units, or for the donation of land within the development, if the developer agrees to, among other things, construct a specified percentage of units for very low income, low-income, or moderate-income households or qualifying residents, including lower income students. Current law requires the amount of a density bonus and the number of incentives or concessions a qualifying developer receives to be pursuant to a certain formula based on the total number of units in the housing development, as specified. This bill would prohibit affordable housing impact fees, including inclusionary zoning fees and in-lieu fees, from being imposed on a housing development's affordable units.

Summary:

The California Occupational Safety and Health Act of 1973 authorizes the Division of Occupational Safety and Health to prohibit the performance of an operation or process, or entry into that place of employment when, in its opinion, a place of employment, operation, or process, or any part thereof, exposes workers to the risk of infection with COVID-19, so as to constitute an imminent hazard to employees. Current law requires that the prohibition be issued in a manner so as not to materially interrupt the performance of critical governmental functions essential to ensuring public health and safety functions or the delivery of electrical power or water. Current law requires that these provisions not prevent the entry or use, with the division’s knowledge and permission, for the sole purpose of eliminating the dangerous conditions. This bill would add the delivery of renewable natural gas to the list of utilities that the division’s prohibitions are not allowed to materially interrupt.

Summary:

The Bergeson-Peace Infrastructure and Economic Development Bank Act establishes the California Infrastructure and Economic Development Bank (bank) and sets forth the powers and duties of the bank including authority to make loans, issue bonds, and provide financial assistance relating to economic development or public development facilities. This bill would require the Department of Housing and Community Development and the bank to develop a proposed program, as specified, to invest in the building of offsite industrialized housing to support the policy goal of increasing the state's capacity to quickly respond to additional housing needs precipitated by homelessness, wildfires, COVID-19, or other emergency situations. The bill would require the department and the bank to report its recommendations to the Legislature by January 1, 2023, including whether and how industrialized housing would alleviate the state's housing, homelessness, and disaster response needs.

The act requires the department to pay handling fees to those recycling centers, and requires those recycling centers to pay refund values, on the basis of the number of beverage containers redeemed through the reverse vending machines, and not on the basis of weight. This bill would apply the above-specified provisions applicable to reverse vending machines to bag drop recycling centers, defined to mean a recycling location operated by a recycling center at which consumers can drop off bagged empty beverage containers for redemption. The bill would require a bag drop recycling center to pay the refund value for

beverage containers within a reasonable period of time, not to exceed 3 business days.

Current law prohibits a local agency from imposing fees for specified purposes, including fees for water or sewer connections, as defined, that exceed the estimated reasonable cost of providing the service for which the fee is charged, unless voter approval is obtained. Current law provides that a local agency levying a new a water or sewer connection fee or increasing a fee must do so by ordinance or resolution. Current law requires, for specified fees, including water or sewer connection fees, any judicial action or proceeding to attack, review, set aside, void, or annul an ordinance, resolution, or motion adopting a new fee or service charge or modifying an existing fee or service charge to be commenced within 120 days of the effective date of the ordinance, resolution, or motion according to specified procedures for validation proceedings. This bill would apply the same judicial action procedure and timelines, as stated above, to ordinances, resolutions, or motions adopting, modifying, or amending water or sewer service fees or charges adopted after January 1, 2022, except as provided.

Summary:

Current law prohibits a claim for workers' compensation from being maintained unless within 30 days after the occurrence of the injury, the injured person, or in case of the death, a dependent, or someone on the injured person's or dependent's behalf, serves notice of the injury upon the employer. Current law also requires an injured employee, or in the case of death, a dependent, or an agent of the employee or dependent, to file a claim form with the employer. Under current law, except for specified injuries, if liability is not rejected within 90 days after the date the claim form is filed with the employer, the injury is presumed compensable and the presumption is rebuttable only by evidence discovered subsequent to the 90-day period. This bill would reduce those 90-day time periods to 45 days and, for certain injuries or illnesses, including hernia, heart trouble, pneumonia, or tuberculosis, among others, sustained in the course of employment of a specified member of law enforcement or a specified first responder, would reduce those time periods to 30 days.

Summary:

Current law, commonly referred to as the Density Bonus Law, requires a city or county to provide a developer that proposes a housing development within the city or county with a density bonus and other incentives or concessions, as specified, if the developer agrees to construct, among other options, specified percentages of units for moderate-income or, lower, or very low income households and meets other requirements. Current law requires the developer and the city or county to ensure that the initial occupant of a for-sale unit that qualified the developer for the award of the density bonus is a person or family of very low, low, or moderate income. This bill, as an alternative to ensuring that the initial occupant of a for-sale unit is a person or family of the required income, would authorize the developer and the city or county to ensure that a qualified nonprofit housing organization that is receiving the above-described welfare exemption purchases the unit pursuant to a specified recorded contract that includes an affordability restriction, an equity sharing agreement, and a repurchase option that requires a subsequent purchaser that desires to sell or convey the property to first offer the nonprofit corporation the opportunity to repurchase the property.

Summary:

The Planning and Zoning Law, among other things, provides for the creation of accessory dwelling units by local ordinance, or, if a local agency has not adopted an ordinance, by ministerial approval, in accordance with specified standards and conditions. Current law prohibits a local agency’s accessory dwelling unit ordinance from imposing a setback requirement of more than 4 feet from the side and rear lot lines for an accessory dwelling unit that is not converted from an existing structure or a new structure constructed in the same location and to the same dimensions as an existing structure. 6/9/2021 1:30 p.m. - State Capitol, Room 4202 ASSEMBLY LOCAL GOVERNMENT, AGUIAR-CURRY, Chair

Summary:

Would authorize the legislative bodies to appoint an alternate member to the public financing authority who may serve and vote in place of a member who is absent or disqualifies themselves from participating in a meeting of the authority. If a district has more than 3 participating affected taxing entities, the bill would authorize the legislative bodies of the taxing entities to, upon agreement, appoint only one member of their respective legislative bodies, and one alternate member, in addition

to the public members.

Summary:

Current law establishes a workers' compensation system, administered by the administrative director of the Division of Workers' Compensation, to compensate an employee for injuries sustained in the course of employment. Current law requires a physician who prepares a report addressing the issue of permanent disability due to an industrial injury to address the cause of the permanent disability in the report, including what approximate percentage of the permanent disability was caused by other factors before and after the industrial injury, if the physician is able to make an apportionment determination. This bill would prohibit consideration of race, religious creed, color, national origin, age, gender, marital status, sex, sexual identity, sexual orientation, or genetic characteristics to determine the approximate percentage of the permanent disability caused by other factors.

Summary:

The Sales and Use Tax Law, administered and enforced by the California Department of Tax and Fee Administration, imposes a tax on retailers measured by the gross receipts from the sale of tangible personal property sold at retail in this state or on the storage, use, or other consumption in this state of tangible personal property purchased from a retailer for storage, use, or other consumption in this state. Current law authorizes the department to require the filing of reports by any person or class of persons with information relating to sales of tangible personal property the storage, use, or other consumption of which is subject to the use tax, as specified. Current law requires a retailer or purchaser subject to the sales and use tax to file, on or before the last day of the month following each quarterly period, a return for the preceding quarterly period. This bill, for reporting periods beginning on or after January 1, 2022, would require a qualified retailer whose annual qualified sales of tangible personal property transacted online exceeded \$1,000,000 for the previous calendar year to include with each tax return a schedule that reports for each local jurisdiction the gross receipts from the qualified sale of tangible personal property shipped or delivered to a purchaser in that jurisdiction.

Summary:

The California Constitution prohibits the development, construction, or acquisition of a low-rent housing project, as defined, in any manner by any state public body until a majority of the qualified electors of the city, town, or county in which the development, construction, or acquisition of the low-rent housing

project is proposed approve the project by voting in favor at an election, as specified. This measure would repeal these provisions.
