COLORFUL PEEKING WINDOWS

DRAFT ART INSTALLATIONS

Inspiration Images

Description: Colored plexiglass windows set into the fence along the elevated pathway to the slide hill create a rainbow of reflections and chances to peek in on the action below.

Process: Custom design collaboration between MIG and the wall fabricator.

ALL-INCLUSIVE PLAYGROUND AT JOLLYMAN PARK

Inspiration Images

Description: Accessible binoculars offer a view of the play area from the elevated path to the slide hill. This feature is one of several that turn a necessary walkway into a Path of Discovery that invites play all along it.

Process: Purchased from a manufacturer.

MUSICAL BENCH

DRAFT ART INSTALLATION

Inspiration Images

Description: Interactive musical feature to facilitate a social experience. The MusicBall pictured above can be programmed with any variety of sounds or music and is human powered. The bench at upper right plays music when two people sit and hold hands.

Process: Artist commissioned custom bench or design collaboration with manufactured equipment.
