**Summary:** The Planning and Zoning Law requires a city or county to adopt a general plan for land use development within its boundaries that includes, among other things, a housing element. That law requires the Department of Housing and Community Development to determine whether the housing element is in substantial compliance with specified provisions of that law. This bill, starting with the 6th housing element revision, would require the department to determine the relative progress toward meeting regional housing needs of each jurisdiction, council of governments, and subregion, as specified. The bill would require the department to make this determination based on the information contained in the annual reports submitted by each jurisdiction, as specified.

**Summary:** The Planning and Zoning Law authorizes a local agency to provide, by ordinance, for the creation of accessory dwelling units in single-family and multifamily residential zones and requires a local agency that has not adopted an ordinance to ministerially approve an application for an accessory dwelling unit, and sets forth required ordinance standards, including that the ordinance prohibit the sale or conveyance of the accessory dwelling unit separately from the primary residence. Current law, notwithstanding the prohibition described above, authorizes a local agency to, by ordinance, allow an accessory dwelling unit to be sold or conveyed separately from the primary residence to a qualified buyer if certain conditions are met. This bill would require each local agency to allow an accessory dwelling unit to be sold or conveyed separately from the primary residence to a qualified buyer if the above-described conditions are met.

**Summary:** Would require, by January 1, 2023, the State Water Resources Control Board and regional boards to prioritize enforcement of all water quality standard violations that are causing or contributing to an exceedance of a water quality standard in a surface water of the state. The bill would require the state board and regional boards, by January 1, 2025, to evaluate impaired state surface waters and report to the Legislature a plan to bring all water segments into attainment by January 1, 2050. The bill would require the state board and regional boards to update the report with a progress summary to the Legislature every 5 years. The bill would create the Waterway Recovery Account in the Waste Discharge Permit Fund and would make moneys in the Waterway Recovery Account available for the state board to expend, upon appropriation by the Legislature, to bring impaired water segments into attainment in accordance with the plan.

**Summary:** Current law establishes a workers' compensation system, administered by the Administrative Director of the Division of Workers' Compensation, to compensate an employee for injuries sustained in the course of the employee's employment. This bill would define "injury," for certain employees of a city, county, city and county, district, or other municipal corporation or political

subdivision regularly exposed to active fires or health hazards directly resulting from firefighting operations, to include cancer that develops or manifests during a period in which the individual demonstrates that they were exposed to a known carcinogen while in the employment of the city, county, city and county, district, or other municipal corporation or political subdivision. The bill would establish a presumption that the cancer in those cases arose out of, and in the course of, employment, unless the presumption is controverted by evidence that the primary site of the cancer has been established and that the carcinogen to which the person has demonstrated exposure is not reasonably linked to the disabling cancer.

**Summary:** Current law authorizes the Department of the California Highway Patrol to retain license plate data captured by license plate reader technology, also referred to as an automated license plate recognition (ALPR) system, for not more than 60 days unless the data is being used as evidence or for the investigation of felonies. Current law authorizes the department to share that data with law enforcement agencies for specified purposes and requires both an ALPR operator and an ALPR end-user, as those terms are defined, to implement a usage and privacy policy regarding that ALPR information, as specified. Current law requires that the usage and privacy policy implemented by an ALPR operator or an ALPR end-user include the length of time ALPR information will be retained and the process the ALPR operator and ALPR end-user will utilize to determine if and when to destroy retained ALPR information. This bill would include in those usage and privacy policies a requirement that, if the ALPR operator or ALPR end-user is a public agency and not an airport authority, ALPR data that does not match a hot list be destroyed within 24 hours.

**Summary:** Current, including the Meyers-Milias-Brown Act, the Ralph C. and the Higher Education Employer-Employee Relations Act, among others, regulates the labor relations of the state, the courts, and specified local public agencies and their employees. Current law requires these public employers to provide certain labor representatives with the names and home addresses of newly hired employees, as well as their job titles, departments, work locations, telephone numbers, and personal email addresses, within 30 days of hire or by the first pay period of the month following hire. This bill, commencing July 1, 2022, would authorize an exclusive representative to file a charge of an unfair labor practice with the board, as specified, alleging a violation of the above-described requirements only if specified conditions are met, including that the exclusive representative gives written notice of the alleged violation and that the public employer fails to cure the violation, as specified. **Summary:** The California Public Employees' Pension Reform Act of 2013 (PEPRA) generally requires a public retirement system, as defined, to modify its plan or plans to comply with the act. PEPRA, among other things, establishes new defined benefit formulas and caps on pensionable compensation. This bill would establish new procedures under PERL for cases in which PERS determines that the benefits of a member or annuitant are, or would be, based on disallowed compensation that conflicts with PEPRA and other specified laws and thus impermissible under PERL. The bill would also apply these procedures retroactively to determinations made on or after January 1, 2017, if an appeal has been filed and the employee member, survivor, or beneficiary has not exhausted their administrative or legal remedies. At the threshold, after determining that compensation for an employee member reported by the state, school employer, or a contracting agency is disallowed, the bill would require the applicable employer to discontinue the reporting of the disallowed compensation.

Existing law requires the compensation awarded pursuant to this provision to include full hospital, surgical, medical treatment, disability indemnity, and death benefits. This bill would make that provision applicable to active firefighting members of the State Department of State Hospitals, the State Department of Developmental Services, the Military Department, and the Department of Veterans Affairs, and to additional peace officers, including security officers of the Department of Justice when performing assigned duties as security officers and the officers of a state hospital under the jurisdiction of the State Department of State Hospitals or the State Department of Developmental Services, among other officers.

**Summary:** Current law prohibits a claim for workers' compensation from being maintained unless within 30 days after the occurrence of the injury, the injured person, or in case of the death, a dependent, or someone on the injured person's or dependent's behalf, serves notice of the injury upon the employer. Current law also requires an injured employee, or in the case of death, a dependent, or an agent of the employee or dependent, to file a claim form with the employer. Under current law, except for specified injuries, if liability is not rejected within 90 days after the date the claim form is filed with the employer, the injury is presumed compensable and the presumption is

rebuttable only by evidence discovered subsequent to the 90-day period. This bill would reduce those 90-day time periods to 45 days and, for certain injuries or illnesses, including hernia, heart trouble, pneumonia, or tuberculosis, among others, sustained in the course of employment of a specified member of law enforcement or a specified first responder, would reduce those time periods to 30 days.

**Summary:** Current law prohibits an ordinance that would result in an expansion of gambling in the city, county, or city and county from being valid unless the amendment is approved by a majority of the

voters. Current law requires an amendment to a city or county ordinance relating to a gambling establishment or the act to be submitted to the Department of Justice for review and comment before the ordinance is adopted by the city or county. **Summary:** Current law requires the Department of Resources Recycling and Recovery, in consultation with the state board, to adopt regulations to achieve those targets for reducing organic waste in landfills, and authorizes those regulations to require local jurisdictions to impose requirements on generators or other relevant entities within their jurisdiction, to authorize local jurisdictions to impose penalties on generators for noncompliance, and to include penalties to be imposed by the department for noncompliance. Current law provides that those regulations shall take effect on or after January 1, 2022, except that the imposition of penalties by local jurisdictions pursuant to the regulations shall not take effect until 2 years after the effective date of the regulations. This bill, until January 1, 2023, would require the department to only impose a penalty on a local jurisdiction, and would require a penalty to only accrue, for a violation of the regulations if the local jurisdiction did not make a reasonable effort, as determined by the department, to comply with the regulations.

**Summary:** Would authorize a development proponent to submit an application for a development for the complete conversion, as defined, of a structure with a certificate of occupancy as a motel or hotel into multifamily housing units to be subject to a streamlined, ministerial approval process, provided that development proponent reserves 10% of the proposed housing units for lower income households, unless a local government has affordability requirements that exceed these requirements. The bill would require the structure proposed to be converted be vacant for at least 6 months prior to the submission of the application, except as provided. The bill would require the development proponent to comply with specified requirements regarding the payment of prevailing rate or per diem wages for construction work related to the part of the development that is a public work and the use of a skilled and trained workforce on the development, except as provided.

**Summary:** Current law provides for the deposit of various funds, including revenues from certain increases in fuel taxes and vehicle fees, for the program into the Road Maintenance and Rehabilitation Account. After certain allocations for the program are made, existing law requires the remaining funds available for the program to be continuously appropriated 50% for allocation to the department for maintenance of the state highway system or for the State Highway Operation and Protection Program and 50% for apportionment to cities and counties by the Controller pursuant to a specified formula. Current law requires a city or county to submit to the California Transportation Commission a list of proposed projects, as specified, to be eligible for an apportionment of those funds. This bill would

authorize cities and counties to jointly propose projects to be funded by the cities and counties' apportionments of those funds, as specified.

**Summary:** Would authorize a local authority to use a traffic speed safety system, as defined, to enforce speed limits in a school zone. The bill would prescribe requirements for the operation of a traffic speed safety system, including, among other things, notice to the public, issuance of citations, and confidentiality of data. The bill would create an administrative proceeding for persons to pay or contest a citation captured by a traffic speed safety system and a procedure to appeal an adverse decision. The bill would impose a civil penalty for a violation. The bill would require the use of the online adjudicatory tool to determine a person's ability to pay that penalty and require that fees be collected pursuant to the process created in the pilot program described above.

**Summary:** The Planning and Zoning Law, among other things, provides for the creation of accessory dwelling units by local ordinance, or, if a local agency has not adopted an ordinance, by ministerial approval, in accordance with specified standards and conditions. Current law prohibits a local agency's accessory dwelling unit ordinance from imposing a setback requirement of more than 4 feet from the side and rear lot lines for an accessory dwelling unit that is not converted from an existing structure or a new structure constructed in the same location and to the same dimensions as an existing structure. This bill would remove the above-described prohibition on a local agency's accessory dwelling unit ordinance, and would instead provide that the rear and side yard setback requirements for accessory dwelling units may be set by the local agency. The bill would authorize an accessory dwelling unit applicant to submit a request to the local agency for an alternative rear and side yard setback requirement if the local agency's setback requirements make the building of the accessory dwelling unit infeasible.

**Summary:** Current law establishes a workers' compensation system, administered by the administrative director of the Division of Workers' Compensation, to compensate an employee for injuries sustained in the course of employment. Current law requires a physician who prepares a report addressing the issue of permanent disability due to an industrial injury to address the cause of the permanent disability in the report, including what approximate percentage of the permanent disability was caused by other factors before and after the industrial injury, if the physician is able to make an apportionment determination. This bill would prohibit consideration of race, religious creed, color, national origin, age, gender, marital status, sex, sexual identity, sexual orientation, or genetic characteristics to determine the approximate percentage of the permanent disability caused by other factors.
