

RESOLUTION NO. _____

**A RESOLUTION OF THE CUPERTINO CITY COUNCIL ACCEPTING UP TO
\$225,230 IN COMMUNITY RESILIENCE GRANT FUNDING FROM
SILICON VALLEY CLEAN ENERGY AND APPROPRIATING MONIES FOR
THE SERVICE CENTER ELECTRIC VEHICLE INFRASTRUCTURE CAPITAL
IMPROVEMENT PROGRAMS PROJECT**

WHEREAS, Silicon Valley Clean Energy (SVCE) launched a community resilience program that provides \$3.5 million in grants to member jurisdictions to plan and develop decarbonization demonstration, energy resilience, and engagement projects; and

WHEREAS, SVCE's Noncompetitive Member Agency Grants support the development of building and/or transportation electrification and/or energy resilience projects that enhance a municipal or community site such as the installation of level 2 chargers or direct current fast chargers; and

WHEREAS, SVCE agreed to provide funding in an amount not to exceed \$225,230 to the City; and

WHEREAS, the City will use the grant funds from SVCE to supplement the construction cost for the Service Center Electric Vehicle Infrastructure Capital Improvement Programs Project; and

WHEREAS, approving budget modification #2526-438 increasing the estimated revenue in 420-99-272 440-431 and appropriating \$225,230 to 420-99-272 900-905; and

NOW, THEREFORE, BE IT RESOLVED that the City Council does hereby approve the recommended fund allocations and ratifies the attached amended appropriations as set forth in Exhibit A.

BE IT FURTHER RESOLVED that this Resolution is not a project under the requirements of the California Environmental Quality Act, together with related State CEQA Guidelines (collectively, "CEQA") because it has no potential for resulting in physical change in the environment. In the event that this Resolution is found to be a project under CEQA, it is subject to the CEQA exemption contained in CEQA Guidelines section 15061(b)(3) because it can be seen with certainty to have no possibility that the action approved may have a significant

effect on the environment. CEQA applies only to actions which have the potential for causing a significant effect on the environment. Where it can be seen with certainty that there is no possibility that the activity in question may have a significant effect on the environment, the activity is not subject to CEQA. In this circumstance, the proposed action to accept the grant would have no or only a de minimis effect on the environment. The foregoing determination is made by the City Council in its independent judgment.

PASSED AND ADOPTED at a regular meeting of the City Council of the City of Cupertino this 21st day of April, 2026, by the following vote:

Members of the City Council
