Item Date, Title, and Description:

**5/16/26** Attended the AAPI Multicultural Festival at the Civic Center Plaza. This annual event hosted by several Asian American non-profit organizations featured cultural performances, ethnic food, educational booths representing Cupertino's sister cities and various other groups. As always, dances and music performances were outstanding.

**5/20/26** Council members interviewed applicants for the **Teen Commission**. As in previous years, the young people made confident presentations and impressed us with their intelligence, public speaking skills and academic and other accomplishments. This was the first day of interviews for the Teen Commission

**5/21/26** Second Day of interviews: Council continued with interviewing applicants for the **Teen Commission and the Public Safety Commissions**. We should all be proud of the high quality of applicants who consistently make the effort and take the time to apply to our city commissions.
