Calendar: 8/16/2021 9 a.m. - John L. Burton Hearing Room (4203)

SENATE APPROPRIATIONS, PORTANTINO, Chair

Summary: The Energy Conservation Assistance Act of 1979 authorizes a school, hospital, public care institution, or unit of local government to submit an application to the Energy Commission for an allocation for the purpose of financing all or a portion of the costs incurred in implementing a project, which includes an energy audit, energy conservation and operating procedure, or energy conservation measure in an existing or planned building or facility, an energy conservation project, or a technical assistance program. Current law requires the Energy Commission to approve only those applications for projects that will recover costs through savings in the cost of energy to the eligible institution during the repayment period of the allocation. Current law creates the State Energy Conservation Assistance Account, which is continuously appropriated to the Energy Commission for purposes of the act. This bill would require the Energy Commission, in administering the account, to provide grants and loans to local governments and public institutions to maximize energy use savings, expand installation of energy storage systems, and expand the availability of electric vehicle charging infrastructure, including technical assistance, demonstrations, and identification and implementation of cost-effective energy efficiency, energy storage, and electric vehicle charging infrastructure measures and programs in existing and planned buildings or facilities.

Summary: Current law requires the Commission on Peace Officer Standards and Training (POST) to establish a certification program for specified peace officers, including officers of the Department of the California Highway Patrol. Current law requires the commission to establish basic, intermediate, advanced, supervisory, management, and executive certificates for the purpose of fostering the education and experience necessary to perform general police service duties. Existing law requires certificates to be awarded on the basis of a combination of training, education, experience, and other prerequisites, as determined by the commission. This bill would require the certification program to also include peace officers employed by the state in agencies that participate in the POST program. The bill would require the commission to work collaboratively with specified stakeholders to develop a list of courses to include as requirements for obtaining a basic certificate.

Summary: the Planning and Zoning Law requires a city or county to adopt a general plan for land use development within its boundaries that includes, among other things, a housing element. That law requires the Department of Housing and Community Development to determine whether the housing element is in substantial compliance with specified provisions of that law. This bill, starting with the 6th housing element revision, would require the department to determine the relative progress toward meeting regional housing needs of each jurisdiction and council of governments, as specified. The bill would require the department to make this determination based on the information contained in the annual reports submitted by each jurisdiction, as specified. The bill would require the department to make this determination for all housing and for lower income housing by dividing the applicable entity's progress toward meeting its share of the regional housing need by its prorated share of the regional housing need, as specified.

Summary: Current law, as part of the hazardous waste control laws, requires the Department of Toxic Substances Control to regulate the management and handling of hazardous waste. Under current law, certain wood waste that is exempt from regulation under the federal Resource Conservation and Recovery Act of 1976, as amended, is exempt from the hazardous waste control laws, if the wood waste is disposed of in a municipal landfill that meets certain requirements imposed pursuant to the Porter-Cologne Water Quality Control Act for the classification of disposal sites, and the landfill meets other specified requirements. A violation of the state's hazardous waste control laws, including a regulation adopted pursuant to those laws, is a crime. This bill would require a person managing treated wood waste to comply with the hazardous waste control laws or the management standards established in the bill, including standards for the reuse, storage, treatment, transportation, tracking, identification, and disposal of treated wood waste, as provided.

Summary: Current law requires a city, county, or special district that has an internet website to make available on its internet website certain information, as applicable, including its current schedule of fees and exactions. This bill, among other things, would require, on and after January 1, 2022, a city, county, or special district that conducts an impact fee nexus study to follow specific standards and practices, including, but not limited to, (1) that prior to the adoption of an associated development fee, an impact fee nexus study be adopted, (2) that the study identify the existing level of service for each public facility, identify the proposed new level of service, and include an explanation of why the new level of service is necessary, and (3) if the study is adopted after July 1, 2022, either calculate a fee levied or imposed on a housing development project proportionately to the square footage of the proposed units, or make specified findings explaining why square footage is not an appropriate metric to calculate the fees.

Summary: Would require the Director of Forestry and Fire Protection to identify areas in the state as moderate and high fire hazard severity zones. The bill would additionally require the director classify areas into fire hazard severity zones based on additional factors, including possible lightning-caused ignition. The bill would require a local agency, within 30 days of receiving a transmittal from the director that identifies fire hazard severity zones, to make the information available for public comment. Because the bill would impose additional duties on local agencies, this bill would impose a state-mandated local program.

Summary: The California Occupational Safety and Health Act of 1973 authorizes the Division of Occupational Safety and Health to prohibit the performance of an operation or process, or entry into that place of employment when, in its opinion, a place of employment, operation, or process, or any part thereof, exposes workers to the risk of infection with COVID-19, so as to constitute an imminent hazard to employees. Current law requires that the prohibition be issued in a manner so as not to materially interrupt the performance of critical governmental functions essential to ensuring public health and safety functions or the delivery of electrical power or water. Current law requires that these provisions not prevent the entry or use, with the division’s knowledge and permission, for the sole purpose of eliminating the dangerous conditions. This bill would add the delivery of renewable natural gas to the list of utilities that the division’s prohibitions are not allowed to materially interrupt.

Summary: The Marks-Roos Local Bond Pooling Act of 1985 authorizes certain joint powers authorities, upon application by a local agency that owns and operates a publicly owned utility, defined to mean certain utilities furnishing water or wastewater service to not less than 25,000 retail customers, to issue rate reduction bonds to finance utility projects, as defined, subject to certain requirements. Under the act, these rate reduction bonds are secured by a pledge of utility project property, and the joint powers authority issuing the bonds may impose on, and collect from, customers of the publicly owned utility a utility project charge to finance the bonds, as provided. This bill would expand the definition of a publicly owned utility for these purposes to include a local publicly owned electric utility, as defined. Summary: Current federal law requires the Secretary of the United States Department of Housing and Urban Development to establish a Housing Trust Fund to provide grants to states to increase the supply of rental housing for extremely low and very low income families, including homeless families, and home ownership for extremely low and very low income families. Current law requires the department to collaborate with the California Housing Finance Agency to develop an allocation plan to demonstrate how the funds will be distributed, based on the priority housing needs identified in the state's consolidated plan, and to convene a stakeholder process to inform the development of the plan. Current law requires the allocation plan and program guidelines to prioritize projects based on enumerated factors such as the extent to which project rents are affordable. The department is required to submit this plan to the Assembly Committee on Housing and Community Development and the Senate Transportation and Housing Committees 30 days after receipt of the federal funds. This bill would require the department to prioritize funding for projects that serve people experiencing homelessness, to the extent that a sufficient number of projects exist.

Summary: Current law establishes the Department of Housing and Community Development and requires it to administer various programs intended to promote the development of housing, including the Multifamily Housing Program, pursuant to which the department provides financial assistance in the

form of deferred payment loans to pay for the eligible costs of development of specified types of housing projects. Current law sets forth various general powers of the department in implementing these programs, including authorizing the department to enter into long-term contracts or agreements of up to 30 years for the purpose of servicing loans or grants or enforcing regulatory agreements or other security documents. This bill would authorize a borrower to use any funds approved, reserved, or allocated by the department for purposes of providing a loan under any multifamily housing program under these provisions for construction financing, permanent financing, or a combination of construction financing and permanent financing, as provided.

Summary: Would, beginning January 1, 2022, transfer \$25,000,000 to the Broadband Public Housing Account for providing grants to finance projects, as specified, to connect a broadband network that offers free broadband services to residents of publicly subsidized multiunit housing complexes and other low-income communities if the commission determines that sufficient funds are available for that purpose. The bill would establish that the goal of the Broadband Public Housing Account is to provide connectivity to all residents of publicly subsidized multiunit housing by 2025 or as soon as practicable thereafter. If the collection of the surcharge for the CASF program is extended beyond the 2022 calendar year, the bill would transfer annually \$25,000,000 to the Broadband Public Housing Account, if the Public Utilities Commission determines that sufficient funds are available for that purpose, until the goal of the fund is achieved or until the collection of the surcharge is terminated, whichever occurs earlier.

The bill would prohibit a local government from adopting an ordinance pursuant to these provisions on or after January 1, 2029. The bill would specify that an ordinance adopted under these provisions, and any resolution to amend the jurisdiction's General Plan, ordinance, or other local regulation adopted to be consistent with that ordinance, is not a project for purposes of the California Environmental Quality Act. Summary: Would require a local agency to allow, except as provided, microtrenching for the installation of underground fiber if the installation in the microtrench is limited to fiber. The bill would also require, to the extent necessary, a local agency with jurisdiction to approve excavations to adopt or amend existing policies, ordinances, codes, or construction rules to allow for microtrenching. The bill would provide that these provisions do not supersede, nullify, or otherwise alter the requirements to comply with specified safety standards. The bill would authorize a local agency to impose a fee for its reasonable costs on an application for a permit to install fiber, as provided. By imposing new duties on local agencies with regard to the installation of fiber, the bill would impose a state-mandated local program.

Summary: Current law requires the Natural Resources Agency, in collaboration with the Ocean Protection Council, to create, update biannually, and post on an internet website a Planning for Sea Level Rise Database describing steps being taken throughout the state to prepare for, and adapt to, sea level rise. Current law further requires that various public agencies and private entities provide to the agency, on a biannual basis, sea level rise planning information, as defined, that is under the control or jurisdiction of the public agencies or private entities, and requires the agency to determine the information necessary for inclusion in the database, as prescribed. Current law repeals these provisions on January 1, 2023. This bill would extend the sunset date for the above provisions until January 1, 2028.

Summary: Current law establishes in the Natural Resources Agency the Department of Forestry and Fire Protection, and requires the department to be responsible for, among other things, fire protection and prevention, as provided. The former Governor, Edmund G. Brown Jr., issued an executive order relating to, among other subjects, the streamlining of permitting for landowner-initiated projects for the improvement of forest health and the reduction of forest fire fuels on their properties. Pursuant to this executive order, a Forest Management Task Force involving specified state agencies was convened and an action plan was created. This bill would rename the task force the Wildfire and Forest Resilience Task Force and require the task force, including the agency and the department, on January 1, 2022, to develop a comprehensive implementation strategy to track and ensure the achievement of the goals and key actions identified in the action plan, as provided. The bill would require the implementation strategy to address specified actions, including increasing the pace and scale of wildfire and forest resilience activities, as provided.

Summary: The Planning and Zoning Law requires a city or county to adopt a general plan for land use development within its boundaries that includes, among other things, a housing element. That law requires the planning agency of a city or county to provide, by April 1 of each year, an annual report to, among other entities, the Department of Housing and Community Development that includes, among other specified information, the number of applications submitted, the location and total number of developments approved, the number of building permits issued, and the number of units constructed pursuant to a specific streamlined, ministerial approval process. This bill would, commencing January 1, 2024, require a planning agency to include in that annual report specified information on costs, standards, and applications for proposed housing development projects and specified information on housing development projects within the jurisdiction.

Summary: Current law requires the Department of Resources Recycling and Recovery, in consultation with the state board, to adopt regulations to achieve those targets for reducing organic waste in landfills, and authorizes those regulations to require local jurisdictions to impose requirements on generators or other relevant entities within their jurisdiction, to authorize local jurisdictions to impose penalties on generators for noncompliance, and to include penalties to be imposed by the department for noncompliance. Current law provides that those regulations shall take effect on or after January 1, 2022, except that the imposition of penalties by local jurisdictions pursuant to the regulations shall not take effect until 2 years after the effective date of the regulations. This bill, until January 1, 2023,

would require the department to only impose a penalty on a local jurisdiction, and would require a penalty to only accrue, for a violation of the regulations if the local jurisdiction did not make a reasonable effort, as determined by the department, to comply with the regulations.

Summary: Current law, commonly referred to as the Density Bonus Law, requires a city or county to provide a developer that proposes a housing development within the city or county with a density bonus and other incentives or concessions, as specified, if the developer agrees to construct, among other options, specified percentages of units for moderate-income or, lower, or very low income households and meets other requirements. Current law requires the developer and the city or county to ensure that the initial occupant of a for-sale unit that qualified the developer for the award of the density bonus is a person or family of very low, low, or moderate income. This bill, as an alternative to ensuring that the initial occupant of a for-sale unit is a person or family of the required income, would authorize the developer and the city or county to ensure that a qualified nonprofit housing organization that is receiving the above-described welfare exemption purchases the unit pursuant to a specified recorded contract that includes an affordability restriction, an equity sharing agreement, and a repurchase option that requires a subsequent purchaser that desires to sell or convey the property to first offer the nonprofit corporation the opportunity to repurchase the property.

Summary: Current law establishes enhanced infrastructure financing districts to finance public capital facilities or other specified projects of communitywide significance. Current law provides for the membership of the governing body of the district, referred to as the public financing authority. This bill would authorize the legislative bodies, as defined, to appoint an alternate member to the public financing authority who may serve and vote in place of a member who is absent or disqualifies themselves from participating in a meeting of the authority. If a district has more than 3 participating affected taxing entities, the bill would authorize the legislative bodies of the taxing entities to, upon agreement, appoint only one member of their respective legislative bodies, and one alternate member, in addition to the public members.

Summary: Current law authorizes the Department of Tax and Fee Administration to require the filing of reports by any person or class of persons with information relating to sales of tangible personal property, the storage, use, or other consumption of which is subject to the use tax, as specified. Current law requires a retailer or purchaser subject to the sales and use tax to file, on or before the last day of the month following each quarterly period, a return for the preceding quarterly period. This bill, for reporting periods beginning on or after January 1, 2022, would require a qualified retailer, defined as a retailer whose annual qualified sales of tangible personal property transacted online exceeded \$50,000,000 for the previous calendar year, to include with each tax return a schedule that reports for each local jurisdiction the gross receipts from the qualified sale of tangible personal

property shipped or delivered to a purchaser in that jurisdiction.
