OLD BUSINESS

2. Jollyman Park Dog Off-Leash Area (DOLA) Trial Survey Results
Jeff Milkes, Director of Parks and Recreation reviewed the history of the item and introduced Jenny Koverman, Recreation Supervisor, to review the results of the survey and requested a recommendation from the Commission on whether to

continue with the trial or not. Will bring the item back to the Commission in March and July of 2020 with trial updates.

The following members of the public spoke on item:

Carol Miller, Cupertino Resident

Cecil Coe, Cupertino Resident, submitted several documents (written communications)

Catherine Coe, Cupertino Resident

Sameer Raheja, from the Jollyman Off Leash Dog Group

Charlie Hanson, Cupertino Resident

Deepa Mahendrakar, from the Jollyman Off Leash Dog Group

Ardith West, Cupertino Resident

Debashis Rao, from the Jollyman Off Leash Dog Group

Leigh Anne Gillis, Cupertino Resident

Raj Avasarala, Cupertino Resident

Commissioner Xu mentioned concerns from residents on the timing of and short time frame of the survey, enforcement of program, separation of large and small dogs into different areas or weekdays and weekends, and the cleanliness issue at Jollyman Park that may affect the evaluation of the trial. Suggested granting only responsible dog owners access to the dog off leash area or create a registration system for the program.

Vice Chair Kumarappan supports the trial, but voiced concerns on enforcement, ensuring that dogs are licensed, and suggested having mitigation plans in place to respond to all concerns and risks from residents. Suggested having an official monitoring system for the trial and a way to collect feedback from dog owners or non-dog owners. Also, to provide specific training to the part time staff assigned to the trial.

Commissioner Davis commented on the benefits of the trial, citing the historical information on the dog off leash item, and supports the trial moving forward.

Chair Tambe suggested adding on the sign, a form or open link, to gather public comment for those who are against the trial. Supports moving forward with the trial but suggested staff investigate other forms of a barrier. Also, to have very strict and formalized rules to protect residents and dogs in case something does happen. Suggested having a reference mechanism for licensed dog owners, penalizing unlicensed dog owners more than licensed dog owners, and looking into the utilization of the Mary Ave Dog Park.
