A Message from the City Manager

A family smiles at City Hall for the City's 70th anniversary celebration on Friday, October 10.

Hello Neighbors,

Happy 70th Birthday, Cupertino! On October 10, we celebrated the 70th anniversary of Cupertino's incorporation. Thank you to everyone who stopped by City Hall on Friday to pick up special giveaways and take a photo. It was wonderful to see so many community members take part in honoring this milestone. Stop by City Hall during the month of October to create your own memories.

We also just wrapped up Cupertino Restaurant Week, which was a huge success thanks to the many residents and visitors who supported our local businesses.

Celebrations continue month-long with Puzzle Hunt and closes out with the Cupertino Community Service Awards on October 29 where we will recognize this year's CREST Award winners and honor our dedicated City commissioners.

Thank you for being part of celebrating 70 years of rich history in Cupertino!
