Cupertino Active Transportation Plan

Presentations

City Of Cupertino

Active Transportation Plan

Bicycle Pedestrian Commission Meeting
July 15, 2026

CUPERTINO

Latest Commission Comments

The Draft Project List was presented to the Bicycle Pedestrian Commission and Planning Commission following Phase 2.

- Planning Commission – February 10, 2026
- Bicycle Pedestrian Commission – February 18, 2026

Areas of Consensus

- Safety should be prioritized for the Vision Zero HIN.
- School scoring is overweighted and should be reduced.

Recommended Adjustment

- Subtract 10 points from Schools and apply 10 to Vision Zero HIN.

Council Direction

The Planning Commission and Bicycle Pedestrian Commission recommendations were presented to City Council on April 7, 2026.

- After reviewing all Phase 2 materials, Council conducted a straw poll, instructing staff only to rescore projects using the proposed scoring adjustment.
- Chapter 7 of the Draft ATP reflects the Council's direction.
- The rankings in Chapter 7 serve only as guidance for future project selection. Project selection will be determined through future Council CIP approval, in consideration of available funding, staffing, resource availability, priorities, among other factors.

What's in the Plan?

The work completed in Phases 1 and 2 makes up the Draft Active Transportation Plan.

- The Draft Active Transportation Plan incorporates all materials previously reviewed by the City Council, the Bicycle Pedestrian Commission, and the Planning Commission.
- Its content reflects the direction provided by the City Council to staff throughout the project.

Phase 1

Mar – Jun 2025

Policy review
Technical analysis
Initial outreach

Phase 2

Aug – Nov 2025

Draft network recs
Additional outreach
Commission/Council review

Phase 3

2026

Draft Plan development
Public review

Draft Plan Comments

What we Heard from the Community

- Minor clarifications or document presentation edits
- Suggestions already considered as part of Phases 1 and 2
- Items outside the ATP scope

Draft Plan Revision

- Staff added minor language in Chapter 1 to further emphasize youth e-bike safety, supplementing what's included in Chapter 6

What Comes Next

Upcoming Meeting

- City Council Plan Adoption
 - September 14, 2026
