## A Message from the City Manager

Hello Neighbors,

There are several updates and opportunities to share with you this month. Thank you to everyone who joined the Telephone Town Hall last night on the proposed Santa Clara County Sheriff's Office contract changes. We appreciate the questions and feedback as we continue working with our partner cities to find a responsible path forward.

We have also launched a new system for permit parking that makes it easier for residents to apply and manage permits online. This is one of several steps we are taking to improve how we deliver services and make everyday processes simpler.

If you are looking for ways for you and your family to stay active this summer, registration is now open for summer recreation programs, and later this summer, our Summer of Celebration Shop Local campaign will bring increased opportunities for residents to discover local businesses. In addition, please consider attending one of the upcoming Personal, Family, and Neighborhood Preparedness workshops to help you and your family prepare for the unexpected. Lastly, I encourage you to review the Draft Health and Safety Element and share your feedback as we plan for the future of our community. Thank you for taking the time to stay informed.
