Calendar: 6/11/2020 #106 SENATE CONSENT CALENDAR SECOND LEGISLATIVE DAY

Summary: Current law authorizes each county, including a city and county, to enter into an agreement to access the contact information of resident accountholders through the records of a public utility or other agency responsible for water service, waste and recycling services, or other property-related services for the sole purpose of enrolling county residents in a county-operated public emergency warning system. Current law requires any county that enters into such an agreement to include procedures to enable any resident to opt out of the warning system and a process to terminate the receiving agency's access to the resident's contact information. Current law prohibits the use of the information gathered for any purpose other than for emergency notification. This bill would expand these provisions to authorize a city to enter into an agreement to access the contact information of resident accountholders through the records of a public utility, as specified.

Summary: Would require the Public Utilities Commission to evaluate the extent to which federal reductions in lifeline telephone service subsidies and the lack of access to reliable, affordable broadband service would result in rates limiting access to basic voice service. If the commission finds that federal reductions could result in the loss of basic voice services by increasing costs to California lifeline telephone service subscribers for those services, the bill would require the commission to adjust the state-level subsidies for those services in a manner that ensures that California lifeline telephone service subscribers retain affordable access to basic voice services, as specified.
