SECTION I: PROJECT DESCRIPTION

Application No.: U-2025-006
Applicant: Dividend Homes
Property Owner: Long River Investment LLC
Location: 20085 & 20111 Stevens Creek Blvd. (A.P.N.: 316-23-025, -026)

SECTION II: FINDINGS FOR A USE PERMIT:

WHEREAS, the City of Cupertino received an application for a Development Permit as described in Section I of this resolution; and

WHEREAS, the project is determined to be statutorily exempt from the California Environmental Quality Act (CEQA) pursuant to Section 15061(b)(1) of the CEQA Guidelines; and

WHEREAS, on December 9, 2025, the Planning Commission held a duly noticed public hearing to receive staff's presentation and public testimony, and to consider the information contained in the Infill Exemption Memorandum along with all staff reports, other pertinent documents, and all written and oral statements received prior to and at the public hearing; and

WHEREAS, on December 9, 2025 the Planning Commission recommended on a 4-1 vote that the City Council approve the Development Permit (DP-2025-001) in substantially similar form to the Resolution presented (Resolution No. 2025-02), approve the Architectural and Use Permit (U-2025-006) in substantially similar form to the Resolution presented (Resolution No. 2025-24), approve the Architectural and Site Approval Permit (ASA-2024-016) in substantially similar form to the Resolution presented (Resolution No. 2025-21), approve the Vesting Tentative Map (TM-2024-010), in substantially similar form to the Resolution presented (Resolution No. 2025-22), approve the Tree Removal Permit (TR-2024-045), in substantially similar form to the Resolution presented (Resolution No. 2025-23); and

WHEREAS, the applicant has met the burden of proof required to support the application for a Use Permit; and

WHEREAS, the City Council finds as follows with regard to this application:

1. The proposed development, at the proposed location, will not be detrimental or injurious to property or improvements in the vicinity, and will not be detrimental to the public health, safety, general welfare, or convenience.

The project is consistent with the land use designations in the General Plan, Zoning Ordinance, and the Heart of the City Specific Plan. It has been designed to be compatible with adjoining land uses, including but not limited to wider setbacks from the single-family residences on the southern property line, as well as providing landscaping along the building frontages to help mitigate potential massing impacts and compatible with the existing streetscape. The project is conditioned to comply with the Environmental Protection Standards of Cupertino Municipal Code. Chapter 17.04. The project must meet all Fire and Building Code requirements, which will be further reviewed prior to issuance of building permits. Therefore, the project will not be detrimental or injurious to properties or improvements in the vicinity, and will not be detrimental to public health, safety, general welfare, or convenience.

2. The proposed development and/or use will be located and conducted in a manner in accord with the Cupertino Comprehensive General Plan, underlying zoning regulations, and the purpose of this title and complies with the California Environmental Quality Act (CEQA).

A SB330 Preliminary Application was submitted for this project in June 2024, locking in the development standards in effect at that time. The General Plan land use designation for the property was Commercial/Office/Residential with a maximum residential density of 25 dwelling units per acre. The residential use at the proposed 21.5 dwelling units per acre is consistent with the General Plan in terms of density pursuant to state law, even though a portion of the property has a higher density at the date of approval of this project. The applicant is requesting waivers for the development of this site to allow exclusively residential uses, setbacks, lot coverage, and common space design, as required by the Heart of the City Specific Plan's and the City's Municipal Code standards. The proposed development has met all other applicable development standards of the Heart of the City Specific Plan. The project is further conditioned to comply with the Environmental Protection Standards of Cupertino Municipal Code Chapter 17.04. In addition, the proposed project would be exempt as a "statutory" exemption under State CEQA Guidelines Section 15061(b)(1) because the proposed project would meet the requirements of the Public Resources Code (PRC) Section 21080.66(as further documented in the memorandum prepared by the City's environmental consultant, PlaceWorks. Therefore, the proposed development will be located and conducted in accordance with the General Plan and underlying zoning regulations and complies with the California Environmental Quality Act (CEQA).

NOW, THEREFORE, BE IT RESOLVED:

That after careful consideration of maps, facts, exhibits, testimony and other evidence submitted in this matter, subject to the conditions which are enumerated in this Resolution beginning on PAGE 4 thereof, and those contained in all other Resolutions approved for this Project.

The application for a Use Permit, Application No. U-2025-007, is hereby approved, and that the conclusions upon which the findings and conditions specified in this Resolution are based are contained in the Public Hearing record concerning Application no. U-2025-007 as set forth in the Minutes of the City Council Meeting of January 21, 2026 Meeting, and are incorporated by reference as though fully set forth herein.
