Dear property owner,

Your property, which is located in the Wildland-Urban Interface Fire Area, was recently inspected by the Santa Clara County Fire Department. At that time, your property was found to be non-compliant with Wildland Safety Regulations. Enclosed is a copy of the notice that was left at the residence and indicates the corrections that are necessary.

Please note that a public hearing will be held during the City of Cupertino council meeting on June 18, 2019 at 6:45pm. At that time, all properties identified by the Fire Department as being non-compliant with Wildland Safety Regulations will be declared to have hazardous conditions requiring abatement. An additional inspection of all identified properties will be conducted after the hearing and prior to ordering any abatement work. If your property is found to be in compliance at the time of the re-inspection or upon the arrival of the abatement contractor, no work will be done and no charges will be imposed.

If you are interested in having the County of Santa Clara do any brush or weed removal or wish to have an inspection for a cost estimate, please contact the Hazardous Vegetation Department at (408) 282-3145. For your convenience, a price list indicating the rates for the County Contractor is included on the reverse side of this notice.

If you should have any questions about the information on this notice, please contact the Fire Prevention Division of the Santa Clara County Fire Department at (408) 341-4420.
