As a member of the Senior Center I have concerns about changes. We have been 'locked' away for a year and I wonder what the Center will be like when and if it reopens. The members of the Center have, in the past, gone through some arbitrary changes from the P&R staff that didn't work. I would hate to see the same happen again especially since we have all been so cut off both from the Center and our everyday lives. I would like to request a slow attitude in changing what has been, in my opinion, a much loved and successful operation.

Thank you for your considerations.
