

Jollyman Dog Off-Leash Area Trial Log

Date	Time	Observations
Tuesday, October 1, 2019	5:45-6:30pm	10-15 dogs present. No issues, only barking.
Thursday, October 3, 2019	4:40-5:45pm	5-6 dogs present. When I arrived, there was a man in the DOLA throwing the ball across the park towards the ball field I spoke to him about where he was throwing the ball and about the fact that he was outside the posted hours of 5-7pm. He left. The barricades designating the barrier were in the incorrect spot so I moved them out to the correct location. Two dogs were not getting along, so one woman took her dog over to the ball field to throw the ball. I spoke with her and she went back to the off-leash area. Something to consider, most of the yards that back up to the area have gates into the park. A basketball came over the fence and a young boy ran out the fence to retrieve it. This was in the off leash area
Tuesday, October 8, 2019	5-5:45pm	1-6 dogs present. 2 people let their dogs off leash 10-20 yards prior to reaching the DOLA. Occasional ball toss outside the area.
Tuesday, October 15, 2019	6-6:45pm	6-8 dogs present. No issues. The signs had been moved out wider but they were in line with the map.
Sunday, October 27, 2019	4:50-5:50pm	Seems to be confusion over the boundary and where the A-frames should go. Hard to tell from the overhead map, but the border is the last redwood tree down the left field line. Moved the signs to this location and asked PW to put a mark on the fence. Also notified the pro dog group. 2-5 dogs present, occasional intentional throwing outside the area (Sameer).
Monday, November 4, 2019	4:45-5:40pm	12-14 dogs present. No dog issues. I overheard customer complaining about the time that is set because it gets dark earlier
Wednesday, November 6, 2019	5:00-5:50pm	11 dogs present. No dog Issues. A few people walking dogs on leash. No children present.
Thursday, November 7, 2019	5:20-5:30	No dogs. Temperatures were cool.
Wednesday, November 13, 2019	5:00pm	No dogs, almost dark
Monday, November 25, 2019	5:20pm	Almost dark...one dog leaving
Friday, December 6, 2019	4:00 PM	fields closed--no dogs
March 17-June 4		DOLA closed due to COVID-19 pandemic
Friday, June 5, 2020		DOLA reopened per County Ordinance update
