Investment Policy Statement

Overview

The City has established a Section 115 Trust with PARS to assist in stabilizing the potential impact of pension cost volatility on the City’s operating budget. The City intends to use the Section 115 Trust to pre-fund pension costs and proactively address the unfunded liability. The City’s goal is to have sufficient assets in the trust to increase the funded status to over 80% within 20 years, as well as fund the difference between a 7.0% and 6.25% discount rate.

This document defines the investment policy, guidelines and performance objectives applicable to the assets of The City of Cupertino's Pension Trust. The goal of this Policy is to create an investment framework within which the assets can be actively yet prudently managed.

- Third, these guidelines will provide a framework to measure ongoing investment performance.

Within the constraints imposed by these policies, Investment Managers are expected to comply with all applicable fiduciary and due diligence requirements under the "prudent investor" rules, which state: "Investments shall be made with judgment and care, under circumstances then prevailing, which persons of prudence, discretion and intelligence exercise in the management of their own affairs, not for speculation, but for investment, considering the probable safety of their capital as well as the probable income to be derived."
