Dear TICC and staff,

Since there is no staff report or presentation available/posted for this item, I'm assuming it's a status report.

At a time when many residents are very busy with family and children or often travel for their jobs, having hybrid meetings for all commission meetings is critical to obtain input from our residents. I highly praise our current council and staff for making this happen!

Many of the rooms that the commission meetings are held in are quite small and get very crowded when a popular topic appears on an agenda.

Having hybrid meetings also makes it more convenient for people with disabilities to "attend" a commission meeting and participate.

Thank you for making this happen!

Peggy
