Subject: OPPOSING to CUPERTINO SPORTS CENTER CELL TOWER

Hi,

My name is Qinglin Jiang. A cupertino resident since 2014.

I strongly opposed to the idea of building the cupertino sports center cell tower.

The cell tower will be just right next to residential neighborhood commons of cupertino.

The negative effect of cell tower on property values is the biggest issue here.

Though the cell tower can fake as a tree, it will be easy to find out that a cell tower is near you when searching for a property.

It can reduce by ~20% property value for all commons of cupertino properties.

The solution is that you find a location that is not very close to a residential neighborhood, so it won't affect any property value. But building a cell tower so close to a 100 household neighborhood, commons of cupertino is not acceptable.

Please enter my response to the record of public hearing.

Qinglin

Then we should deny this application since the tower is meant to mainly serve De Anza College.

Hi Allen,

Thank you for the feedback. I know the applicant has considered De Anza before applying to the City however the college had been unresponsive. I have included the project description which goes into further detail. Below is also the link to the project page on the City Website:

Subject: AT&T cell tower

Hi Gian,

I'm a resident at Commons of Cupertino, next to the Sports Center. I'm concerned about the proposed cell tower with generator next to our complex.

I think the best site for the tower is at De Anza College since there aren't any residential neighborhoods near by and the tower is for alleviating cell traffic originating from the college.

I don't under why De Anza College site not being considered? This does not make sense to me.

Subject: 80 foot tree pole Cupertino Sports Center

Dear Mr. Martire, and Cupertino Planning Commission and City Council :

As an owner of a residential home in The Commons, located behind the Sports Center at Stevens Creek and Stelling, I am writing to object to the installation of a tree pole wireless antennae station at the Sports Center site (notice attached).

I believe these facilities can be hazardous to health and our property values.

Please don't allow this installation at the Sports Center site.

Thank you.

CUPERTINO

10300 Torre Avenue
408-777-CITY

COURTESY NOTICE OF STUDY SESSION

NOTICE IS HEREBY GIVEN that a Public Study Session will be held by the City of Cupertino City Council on the matter described below.

DESCRIPTION: The City of Cupertino is reviewing an application by AT&T to locate a personal wireless service facility consisting of 16 panel antennas mounted on an 80-foot tall treepole, a base equipment station, and an emergency power generator at the Cupertino Sports Center located at 21113 Stevens Creek Boulevard. ✓

HEARING DATE: May 7, 2019 beginning at 5:30 p.m. (Study Session)
ADDRESS: Community Hall, 10350 Torre Avenue

TENTATIVE

HEARING DATE: May 28, 2019 beginning at 6:45 p.m. (Planning Commission)
ADDRESS: Community Hall, 10350 Torre Avenue

This notice is a courtesy notice for the Study Session to be conducted prior to the regular meeting of the Planning Commission. Once formally agendaized, a separate notice will be sent for the Planning Commission meeting. Please note that the oral communication policy is to allow an applicant to speak for 10 minutes and individuals to speak for up to 3 minutes.

The agenda for this meeting will be available on the Thursday afternoon preceding the meeting. The file and plans are available for viewing on this page on the City's website:
www.cupertino.org/CupertinoSportsCenterCellTower. Questions concerning the application should be directed to Gian Paolo Martire, Project Manager at (408) 777-3319 or gianm@cupertino.org.

NOTE: Agenda may be subject to change. If you are interested in an item, or have questions, please call the Planning Department at 408-777-3308 prior to the meeting date to verify that the item is still on the agenda. The time this item will be heard on the agenda cannot be predicted.

NOTE TO OWNERS OF RECORD: This notice is sent to owners of real property located within 500' of the proposed treepole site, as shown on the last tax assessment roll. Tenants are not notified.

Benjamin Fu
Interim Dir. of Community Development

Subject: proposed cell tower at Cupertino Sports Center

Hi,

I'm a resident at The Commons of Cupertino. Just want to tell you that I oppose the AT&T cell tower proposal at The Sports Center. I don't think it makes sense to install the cell tower next to our residential neighborhood when the tower is for handling De Anza College data traffic. The right place to put the tower is at De Anza College adjacent to Highway 85. There are no residential communities there and I doubt anyone will object to place the cell tower there.

The reason given by AT&T for putting the cell tower at Sports Center instead of at De Anza College because of lack of response sounds like the AT&T project manager is just being lazy. Instead of finding the right solution to the problem, he/she instead chose the path of least resistance. I highly encourage you to reject this AT&T proposal.

We, as a community, don't want the potential property value drop and possible negative health effects on our children because of this tower so close to our living space, especially there is an obvious right location for it.

Allen
