Hello Community,

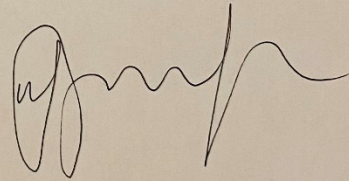

Hope you're doing well and staying safe during this trying time. As you may already know, my family is planning on building a two-story home at 1506 Primrose Way in the coming months. I'm reaching out and writing this note to gain support from you all for the construction of this home. My family have been residents of this community for over 15 years, and have truly cherished the relationships we've built along with the time that we've spent here. However, it has also always been my dream to build a two story home and fortunately we now have the opportunity to do just that. Not only does this benefit my family however, it also will enhance the beauty of our neighborhood, and will add value to all of our homes in the community as well!

I appreciate you taking the time to read this note, and I hope to have your support as well as a fellow member of our neighborhood.

Sincerely,
Tariqul and Chaman Hafiz
