1) Regarding Sunday hours of 10-2. I understand the 10:00AM restriction, but the afternoon end time of 2:00 PM seems early to me. I suspect that some sports tournaments might like a longer afternoon window. The survey showed that more than 50% of the people didn't mind allowing later play times. Maybe 4:00PM or 5:00PM might be better. Also, why can't the staff be allowed to use their judgement. They could have a simple criteria of only allowing a limited number of long playing times during a year.

2) Regarding summary from other Cities: You forgot to ask some questions to calibrate these city's policies: Do the city's residents like the city's use policy? What have surveys of their residents shown?
