Summary: MAUCRSA establishes the Department of Cannabis Control for the administration and enforcement of its provisions. MAUCRSA requires the department to establish a track and trace program for reporting the movement of cannabis and cannabis products throughout the distribution chain that utilizes a unique identifier and is capable of providing specified information. MAUCRSA requires the track and trace program to include an electronic seed to sale software tracking system with data points for the different stages of commercial activity, including, but not limited to, cultivation, harvest, processing, manufacturing, distribution, inventory, and sale. This bill would also require the electronic seed to sale software tracking system to include delivery.

Summary: The Ralph M. Brown Act allows for meetings to occur via teleconferencing subject to certain requirements, particularly that the legislative body notice each teleconference location of each member that will be participating in the public meeting, that each teleconference location be accessible to the public, that members of the public be allowed to address the legislative body at each teleconference location, that the legislative body post an agenda at each teleconference location, and that at least a quorum of the legislative body participate from locations within the boundaries of the local agency's jurisdiction. The act provides an exemption to the jurisdictional requirement for health authorities, as defined. Current law, until January 1, 2024, authorizes a local agency to use teleconferencing without complying with those specified teleconferencing requirements in specified circumstances when a declared state of emergency is in effect, or in other situations related to public health. This bill would require the agenda to identify any member of the legislative body that will participate in the meeting remotely.

Summary: Current law requires, no later than January 1, 2018, the State Air Resources Board to approve and begin implementing a comprehensive short-lived climate pollutant strategy to achieve a reduction in statewide emissions of methane by 40%, hydrofluorocarbon gases by 40%, and anthropogenic black carbon by 50% below 2013 levels by 2030. Current law requires the methane emissions reduction goals to include a 50% reduction in the level of the statewide disposal of organic waste from the 2014 level by 2020 and a 75% reduction by 2025. Current law requires the Department of Resources Recycling and Recovery, in consultation with the state board, to adopt regulations to achieve these organic waste reduction goals, including a requirement intended to meet the goal that not less than 20% of edible food that is currently disposed of be recovered for human consumption by 2025. Summary: Current law requires the State Architect to establish and publicize a program for voluntary certification by the state of any person who meets specified criteria as a certified access specialist (CASp), as provided. Current law, on and after January 1, 2018, and until December 31, 2023, inclusive, requires any applicant for an original or renewal of a local business license or equivalent instrument or permit to pay an additional fee of \$4 for that license, instrument, or permit, or in any city, county, or city and county that does not issue a business license or an equivalent instrument or permit, existing law requires an applicant for a building permit to pay an additional fee of \$4, to be collected by the city, county, or city and county that issued the license, instrument, or permit for specified purposes related to disability access, including the CASp program. Commencing January 1, 2024, that fee is reduced to \$1. Current law requires a portion of those fees to be deposited in the Disability Access and Education Revolving Fund. This bill would repeal the provision reducing the fee to \$1 commencing January 1, 2024, thereby extending the operation of this fee at the amount of \$4 indefinitely. Summary: Current law creates the Santa Clara Valley Transportation Authority (VTA) with various powers and duties relative to transportation projects and services and the operation of public transit in the County of Santa Clara. Current law vests the government of the VTA in a 12-member board of directors, which consists of 2 representatives of the County of Santa Clara who are members of, and appointed by, the county's board of supervisors, 5 representatives of the City of San Jose who are city council members or the mayor and appointed by the city council, and 5 representatives of the other cities in the county who are city council members or mayors of those cities as provided by agreements among those cities, whose terms of office are 2 years, as specified. This bill, on and after July 1, 2023, would revise the membership of the board of directors to instead consist of 2 representatives of the county who are community members and appointed by the president of the board of supervisors with board of supervisors approval, 5 representatives of the City of San Jose, including at least 2 city council members or the mayor and 2 community members, appointed by the mayor with city council approval, and 5 representatives of the other cities in the county, including at least 2 community members and 2 city council members or mayors of those cities, elected through a ranked choice voting process by the city councils of those cities, as specified.

Summary: Would establish the Housing Cost Reduction Incentive Program, to be administered by the Department of Housing and Community Development, for the purpose of reimbursing cities, counties, and cities and counties for development impact fee reductions provided to qualified housing developments, as defined, and for the reasonable interest costs associated with impact fee deferrals. Upon appropriation, the bill would require the department to provide grants to applicants in an amount equal to 50% of the amount of development impact fee reduced for a qualified housing development and grants to applicants in an amount equal to the accrued interest on a deferred development impact fee, as provided. This bill would require the department to administer these grants by issuing a Notice of Funding Availability before December 31 of the year that the program receives funding, as specified, and accepting grant applications after the subsequent year. The bill would require a public entity that receives grant funds under the program to use those funds solely for those purposes for which the development impact fee that was reduced or deferred would have been used. Summary: Existing law, the Ralph M. Brown Act, requires, with specified exceptions, that all meetings of a legislative body of a local agency, as those terms are defined, be open and public and that all persons be permitted to attend and participate. The act contains specified provisions regarding the timelines for posting an agenda and providing for the ability of the public to observe and provide comment. The act allows for meetings to occur via teleconferencing subject to certain requirements, particularly that the legislative body notice each teleconference location of each member that will be participating in the public meeting, that each teleconference location be accessible to the public, that members of the public be allowed to address the legislative body at each teleconference location, that the legislative body post an agenda at each teleconference location, and that at least a quorum of the legislative body participate from locations within the boundaries of the local agency's jurisdiction. The act provides an exemption to the jurisdictional requirement for health authorities, as defined. This bill would revise and recast those teleconferencing provisions and, until January 1, 2028, would authorize a local agency to use teleconferencing without complying with the teleconferencing requirements that each teleconference location be identified in the notice and agenda and that each teleconference location be accessible to the public if at least a quorum of the members of the legislative body participates in person from a singular physical location clearly identified on the agenda that is open to the public and situated within the local agency's jurisdiction. Summary: The California Constitution provides that the electors may propose a statute or an amendment to the California Constitution by initiative and approve or reject a statute by referendum. An initiative measure may be proposed by presenting to the Secretary of State a petition that sets forth the text of the proposed statute or amendment to the Constitution and is certified to have been signed by the required number of electors, as prescribed. A referendum measure may be proposed by presenting to the Secretary of State a petition that sets forth the statute or part of the statute to be submitted to the electors, and is certified to have been signed by the required number of electors. Before the circulation of an initiative or referendum petition for signatures, the California Constitution requires that a copy of the petition be submitted to the Attorney General, who must prepare a title and summary of the measure. Existing statutory law also directs the Attorney General to prepare the ballot label and the ballot title and summary that is included in the state voter information guide for each measure that appears on a statewide ballot. This measure would transfer from the Attorney General to the Legislative Analyst the duty of preparing the title and summary for a proposed initiative or referendum. Summary: Current law requires a core recycler that accepts, ships, or sells used catalytic converters to maintain specified information regarding the purchase and sale of the catalytic converters. Current law prohibits a core recycler from providing payment for a catalytic converter unless the payment is made by check, the check is mailed or provided no earlier than 3 days after the date of sale, unless the seller is a business, and the core recycler obtains a photograph or video of the seller, a written statement regarding the origin of the catalytic converter, and certain other identifying information, as specified. Current law exempts from this requirement a core recycler that buys used catalytic converters, transmissions, or other parts removed from a vehicle if the core recycler and the seller have a written agreement for the transaction. Current law requires a core recycler to provide this information for inspection by local law enforcement upon demand. A violation of these provisions is punishable as a misdemeanor. This bill would instead of payment by check, require payment by any traceable method, other than cash.

Summary: Would prohibit a city, county, or city and county from imposing any minimum automobile parking requirement on a housing development project, as defined, that is located within 1/2 mile of public transit, as defined. The bill, notwithstanding the above-described prohibition, would authorize a city, county, or city and county to impose or enforce minimum automobile parking requirements on a housing development project if the local government demonstrates to the developer, within 30 days of the receipt of a completed application, that the development would have a negative impact, supported by a preponderance of the evidence, on the city's, county's, or city and county's ability to meet its share of specified housing needs or existing residential or commercial parking within 1/2 mile of the housing development. The bill would create an exception from the above-described provision if the development either dedicates a minimum of 20% of the total number of housing units to very low, low-, or moderate-income households, students, the elderly, or persons with disabilities or contains fewer than 20 housing units.

Summary: The Ralph M. Brown Act requires, with specified exceptions, that all meetings of a legislative body of a local agency, as those terms are defined, be open and public and that all persons be permitted to attend and participate. Current law requires every agenda for regular meetings of a local agency to provide an opportunity for members of the public to directly address the legislative body on any item of interest to the public, before or during the legislative body's consideration of the item, that is within the subject matter jurisdiction of the legislative body. Current law authorizes the legislative body to adopt reasonable regulations to ensure that the intent of the provisions relating to this public comment requirement is carried out, including, but not limited to, regulations limiting the total amount of time allocated for public testimony on particular issues and for each individual speaker. Current law authorizes the members of the legislative body conducting the meeting to order the meeting room cleared and continue in session, as prescribed, if a group or groups have willfully interrupted the orderly conduct of a meeting and order cannot be restored by the removal of individuals who are willfully interrupting the meeting. This bill would authorize the presiding member of the legislative body conducting a meeting to remove an individual for disrupting the meeting.

Summary: Would enact the Community Assistance, Recovery, and Empowerment (CARE) Act, which would authorize specified persons to petition a civil court to create a voluntary CARE agreement or a court-ordered CARE plan and implement services, to be provided by county behavioral health agencies, to provide behavioral health care, including stabilization medication, housing, and other enumerated services to adults who are suffering from schizophrenia spectrum and psychotic disorders and who meet other specified criteria. The bill would specify the process by which the petition is filed and reviewed, including requiring the petition to be signed under penalty of perjury, and to contain specified information, including the acts that support the petitioner's assertion that the respondent meets the CARE criteria. The bill would also specify the schedule of review hearings required if the respondent is ordered to comply with an up to one-year CARE plan by the court. The bill would make the hearings in a CARE proceeding confidential and not open to the public, thereby limiting public access to a meeting of a public body. The bill would authorize the CARE plan to be extended once, for up to one year, and prescribes the requirement for the graduation plan that is required upon leaving the CARE program.
