Services Proposal

Prepared On
April 18, 2018

Proposed Services

ILoveCupertino will deliver an exceptional visitor experience and serve as the gateway to Cupertino as a destination for business or pleasure. The following services are included in our proposed service package:

- Domain Acquisition and Maintenance
- In-person and Online Visitor Concierge
- Service Content Creation and Updates
- Program Promotions
- 24/7 Digital Platform Monitoring

Personal Service

The Cupertino Chamber of Commerce staff will provide ILoveCupertino-branded concierge service to all online and in-person inquiries and transactions.

Content Updates

As we create, gather and organize new content for the web pages and social media, the Cupertino Chamber of Commerce will publish to the sites, along with images and videos. We will also manage and update meta tags for SEO when publishing content.

Minor changes to the website's copy, images, or layout can be made on an ongoing basis at your request, so long as those changes do not require changing more than 25% of the website in a given month. If more in-depth changes are required, a statement of work will be created with separate pricing for services to be negotiated.

Program Promotions

Programs, promotions and merchandise will be conducted regularly with all eligible businesses, as determined by the city of Cupertino.

Pricing

The following table details pricing for the above described service package. This pricing is a one-year term.
