RE: <<APN>>
<<Property Address>>

Dear Property Owner,

The Santa Clara County Fire Department continues to focus on preparing residents and the community for the threat of wildfire. This year, SCCFD will be hosting several informative wildfire preparedness webinars with special presentations about Zonehaven, a powerful new tool to manage evacuations. Please see the enclosed flyer for more information.

Defensible space is essential to improve your home’s chance of surviving a wildfire. Defensible space is the buffer created around a structure when combustible vegetation is removed or reduced. This buffer is needed to slow or stop the spread of wildfire and can also protect your home from catching fire.

Your property is located in the **High/Moderate Fire Hazard** Severity Zone of the Wildland Urban Interface Area (WUI) and requires **30 feet** of defensible space from all structures. Your area’s specific enforced safety regulations include:

Enforced Safety Regulations (Items A - F)

- A. Create **30 feet** of defensible space around the home. To accomplish this, you must clear all flammable vegetation a **minimum of 30 feet** (or to the property line) around structures.
- B. Remove pine needles, leaves, and other dead vegetation from roofs, eaves and rain gutters.
- C. Trim tree limbs 10 feet from chimneys and stove pipes; remove dead limbs that hang over rooftops.
- D. Remove all non-fire-resistive vegetation a minimum of 10 feet on each side of a fire apparatus access road or driveway.
- E. Cover chimney outlets or flues with a 1/2” mesh spark arrester.
- F. Post a clearly visible house address, using at least 4” high numbers, for easy identification. For homes located more than 50 feet from the street, post address numbers at the driveway entrance.

Additional Safety Recommendations

- Create and maintain a 0 to 5 feet noncombustible zone around all structures, including decks.
- Clear 10 feet around and 15 feet above fuels (e.g. woodpiles, lumber, scrap, etc.) Move woodpiles as far away as possible from all structures.
- Clear vegetation and other combustible material from underneath decks. Enclose elevated decks with fire-resistive materials.
- Trees 18 feet or taller should be limbed up 6 feet from the ground. Provide additional vertical clearance when trees have vegetation beneath them.

**SANTA CLARA COUNTY FIRE DEPARTMENT
ATTN: FIRE PREVENTION DIVISION
14700 WINCHESTER BOULEVARD
LOS GATOS, CA 95032-1818**

Owner Responsibilities:

1. You have the option to complete the required work yourself, hire your own contractor, or you may elect to schedule the authorized contractor to perform the work. If you choose to have the authorized contractor perform the work, the charges will appear on your next property tax bill.
2. Please either scan the QR Code below **OR** complete and return the attached information card to report the current status of your property before April 1, 2022.

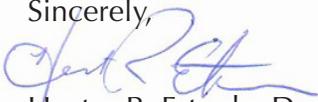

Inspection Schedule:

On April 1, 2022, Santa Clara County Fire Department will begin conducting property inspections. Property owners not in compliance will be notified of what work needs to be completed to comply with the Enforced Safety Regulations. Please contact us if you are unable to complete the required work due to late season rains or other special circumstance.

On June 1, 2022, we will begin conducting re-inspections of the properties that were out of compliance at the time of the first property inspection. Properties must comply with the Enforced Safety Regulations (Items A, B, C and D) otherwise the compliance work will be completed by the **City of Cupertino's** authorized contractor and the charges for this service will appear on your next property tax bill.

If you have questions regarding the safety compliance of your property, or you would like to schedule a courtesy property inspection, please contact the Fire Prevention Division at 408.378.4010.

Sincerely,

Hector R. Estrada, Deputy Chief
Fire Prevention Division

Option 2 - Respond by Mail

I have received the annual Wildland Urban Interface (WUI) Enforced Safety Regulations letter related to flammable vegetation abatement. The current status of my property is as follows:

- I have inspected my property for flammable vegetation clearance and believe it complies with the Enforced Safety Regulations. I understand that an inspection of my property may be conducted to verify compliance.
- I will remove flammable vegetation around all structures on my property in accordance with the Enforced Safety Regulations no later than **June 1, 2022**. I understand that if the required work is not completed, the authorized contractor may complete the work and the charges will appear on my next property tax bill.
- I authorize the designated contractor to enter my property and clear all flammable vegetation to comply with the Enforced Safety Regulations. I understand the charges to complete this work will appear on my next property tax bill.
- I would like to schedule a courtesy inspection of my property with the Santa Clara County Fire Department for recommendations of the work needed to comply with the Enforced Safety Regulations.
- I am no longer the owner of this property. There are no structures on this property.

COMMUNITY WILDFIRE PREPAREDNESS

2022

Home Insurance: Roadmap to Preparedness

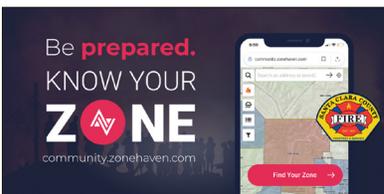

Learn useful resources and tools to build financial safety nets for disaster resilience.

In this webinar, learn about:

- ▶ What consumers should know before and after a disaster
- ▶ Home insurance coverage and policy limits
- ▶ Understanding the fine print
- ▶ What to do if you are “dropped” by your insurer
- ▶ How to save money in these unprecedented times

DATE	WEBINAR	TIME
APRIL 26 TUESDAY	Zonehaven: Know Your Zone	6:30–7:30pm
APRIL 28 THURSDAY	Home Ignition Zone (HIZ)	6:30–8:30pm
MAY 3 TUESDAY	Home Insurance: Roadmap to Preparedness	6:30–8:00pm
MAY 10 TUESDAY	Home Ignition Zone (HIZ)	6:30–8:30pm
MAY 12 THURSDAY	Zonehaven: Know Your Zone	6:30–7:30pm
MAY 17 TUESDAY	Home Insurance: Roadmap to Preparedness	6:30–8:00pm

Zonehaven: Know Your Zone

During a wildfire, do you know when to evacuate? Zonehaven is a powerful new tool to

manage evacuations and assigns each area to a designated zone. Residents have instant access to real time evacuation updates.

In this webinar, learn about:

- ▶ Zonehaven web-based platform
- ▶ Alerting and notifications
- ▶ How to evacuate safely
- ▶ Standardized evacuation terminology

Home Ignition Zone (HIZ)

Breakthrough research has shown that most homes destroyed by wildfire are first ignited by embers and small flames. Take steps to harden your home in the Home Ignition Zone (HIZ) to better protect it from the threat of wildfire.

This webinar will focus on cost-effective measures to improve your home’s survivability and fire resistance in the Immediate Zone (0’ to 5’), the area most vulnerable to embers and radiant heat.

Santa Clara County

FireSafe Council

Community Chipping Program 2022

Online Applications Open Monday, March 14th

Applications will be accepted in the order received.
Space is limited, apply early.

About Chipping Program

The Santa Clara County FireSafe Council Chipping Program is a **FREE** program designed to assist residents and communities in their efforts to create and maintain adequate and safe defensible space by processing or disposing vegetative material such as brush and tree branches. Required defensible space clearing is 0-100 feet from permanent structures. Due to the varying natures of hillside neighborhoods, different types of chipping services may be necessary.

Our Chipping Services

At Home Chipping

Residents submit an application for chipping to be performed at home

Community Chipping Piles

Residents drop off piles of brush at a specific location on a specific date

Drive Up Chipping Event

Residents drive the brush to a designated location and is chipped on the spot

For more information about the Community Chipping Program, visit:
www.sccfiresafe.org/prepare/community-chipping-program/
