**Summary:** Would require the Department of Housing and Community Development to create a state homeless integrated data warehouse, in coordination with state and local partners, including the Homeless Coordinating and Financing Council, to develop a composite portrayal of the homeless population in the state and the services provided to this population or to those at risk of becoming homeless. The bill would require that the information compiled for the database include the data necessary, if available, to make certain findings, including, among other things, the number of individuals and families experiencing homelessness, their access to benefits, and the stated reasons for their homelessness. The bill would require the department to coordinate with other state agencies to draft and carry out a strategy to integrate information to provide longitudinal, cost-based studies with relevant data, as specified.

**Summary:** The Planning and Zoning Law authorizes a local agency to provide, by ordinance, for the creation of accessory dwelling units in single-family and multifamily residential zones and requires such an ordinance to impose standards on accessory dwelling units, including, among others, lot coverage. Current law also requires such an ordinance to require that the accessory dwelling units to be either attached to, or located within, the living area of the proposed or existing primary dwelling, or detached from the proposed or existing primary dwelling and located on the same lot as the proposed or existing primary dwelling. This bill would delete the provision authorizing the imposition of standards on lot coverage and would prohibit an ordinance from imposing requirements on minimum lot size.

**Summary:** The Planning and Zoning Law provides for the creation of accessory dwelling units by local ordinance, or, if a local agency has not adopted an ordinance, by ministerial approval, in accordance with specified standards and conditions. Current law requires the ordinance to designate areas where accessory dwelling units may be permitted and authorizes the designated areas to be based on criteria that includes, but is not limited to, the adequacy of water and sewer services and the impact of accessory dwelling units on traffic flow and public safety. This bill would require a local agency to designate these areas based on the adequacy of water and sewer services and the impact of accessory dwelling units on traffic flow and public safety. The bill would also prohibit a local agency from issuing a certificate of occupancy for an accessory dwelling unit before issuing a certificate of occupancy for the primary residence.

**Summary:** Current law requires that the ballots used when voting upon a measure proposed by a local governing body or submitted to the voters as an initiative or referendum measure, including a measure authorizing the issuance of bonds or the incurrence of debt, have printed on them a true and impartial statement describing the purpose of the measure. If the proposed measure imposes a tax or raises the rate of a tax, existing law requires the ballot to include in the statement of the measure the amount of money to be raised annually and the rate and duration of the tax to be levied. This bill would exempt from this requirement a measure that imposes or increases a tax with more than one rate or authorizes the issuance of bonds. The bill would instead permit for these types of measures the statement of the measure to include the words "See voter guide for tax rate information."
