Summary: Current law establishes a program within all cities and all counties and portions thereof located within seismic zone 4, as defined, to identify all potentially hazardous buildings and to establish a mitigation program for these buildings. The mitigation program may include, among other things, the adoption by ordinance of a hazardous buildings program, measures to strengthen buildings, and the application of structural standards necessary to provide for life safety above current code requirements. Current law requires the Alfred E. Alquist Seismic Safety Commission to report annually to the Legislature on the filing of mitigation programs relating to building construction standards from local jurisdictions. This bill would require the commission, by specified deadlines, to identify funding and develop a bidding process for hiring a third-party contractor to create an inventory of potentially vulnerable buildings, as defined.

Summary: Current law authorizes each county, including a city and county, to enter into an agreement to access the contact information of resident accountholders through the records of a public utility or other agency responsible for water service, waste and recycling services, or other property-related services for the sole purpose of enrolling county residents in a county-operated public emergency warning system. Current law requires any county that enters into such an agreement to include procedures to enable any resident to opt out of the warning system and a process to terminate the receiving agency's access to the resident's contact information. Current law prohibits the use of the information gathered for any purpose other than for emergency notification. This bill would expand these provisions to authorize a city to enter into an agreement to access the contact information of resident accountholders through the records of a public utility, as specified.

Summary: Would require the Public Utilities Commission to evaluate the extent to which federal reductions in lifeline telephone service subsidies and the lack of access to reliable, affordable broadband voice service would result in rates limiting access to basic voice service. If the commission finds that federal reductions could result in the loss of basic voice services by increasing costs to California lifeline telephone service subscribers for those services, the bill would require the commission to adjust the state-level subsidies for those services in a manner that ensures that California lifeline telephone service subscribers retain affordable access to basic voice services, as specified.

Calendar: 5/21/2020 9:30 a.m. - John L. Burton Hearing Room (4203) SENATE GOVERNANCE AND FINANCE, MCGUIRE, Chair

Summary: Current property tax law requires, for property to be eligible for reassessment under specified provisions, that damage or destruction be caused by one of 3 specified occurrences, including a major misfortune or calamity in an area or region subsequently proclaimed by the Governor to be in a state of disaster if the property was damaged or destroyed by the misfortune or calamity that caused the Governor to proclaim the region to be in a state of disaster. Current property tax law generally requires that an application for reassessment be filed within the later of the time specified in the county's ordinance or within 12 months of the misfortune or calamity and be executed under penalty of perjury. This bill would expand these provisions to include damage to or destruction of property due to a misfortune or calamity in an area or region subsequently proclaimed by the Governor to be in a state of emergency if the property was damaged or destroyed by the misfortune or calamity that caused the Governor to proclaim the area to be in a state of emergency.
