Summary: Under current law, the Public Utilities Commission has regulatory authority over public utilities, including telephone corporations. Current law requires the commission to develop, implement, and administer the California Advanced Services Fund (CASF) to encourage deployment of high-quality advanced communications services to all Californians that will promote economic growth, job creation, and the substantial social benefits of advanced information and communications technologies. Current law authorizes the commission to impose a surcharge to collect \$330,000,000 for deposit into the CASF beginning January 1, 2018, and continuing through the 2022 calendar year. Current law specifies the amount of surcharge revenues to be deposited into each account within the CASF, subject to appropriation by the Legislature. This bill would authorize the commission to impose the surcharge to fund the CASF until December 31, 2032, as specified.

Summary: The Energy Conservation Assistance Act of 1979 authorizes a school, hospital, public care institution, or unit of local government to submit an application to the Energy Commission for an allocation for the purpose of financing all or a portion of the costs incurred in implementing a project, which includes an energy audit, energy conservation and operating procedure, or energy conservation measure in an existing or planned building or facility, an energy conservation project, or a technical assistance program. Current law requires the Energy Commission to approve only those applications for projects that will recover costs through savings in the cost of energy to the eligible institution during the repayment period of the allocation. Current law creates the State Energy Conservation Assistance Account, which is continuously appropriated to the Energy Commission for purposes of the act. This bill would require the Energy Commission, in administering the account, to provide grants and loans to local governments and public institutions to maximize energy use savings, expand installation of energy storage systems, and expand the availability of electric vehicle charging infrastructure, including technical assistance, demonstrations, and identification and implementation of cost-effective energy efficiency, energy storage, and electric vehicle charging infrastructure measures and programs in existing and planned buildings or facilities.

Summary: The California Global Warming Solutions Act of 2006 authorizes the State Air Resources Board to include in its regulation of emissions of greenhouse gases the use of market-based compliance mechanisms. Current law requires all moneys, except for fines and penalties, collected by the state board from a market-based compliance mechanism to be deposited in the Greenhouse Gas Reduction Fund (fund) and to be available upon appropriation by the Legislature. Current law continuously appropriates 35% of the annual proceeds of the fund for transit, affordable housing, and sustainable communities programs and 25% of the annual proceeds of the fund for certain components of a specified high-speed rail project. This bill would require the state board, in each scoping plan update prepared by the state board after January 1, 2022, to include, consistent with the act, recommendations for achieving the maximum technologically feasible and cost-effective reductions of emissions of greenhouse gases and black carbon from wildfires.

Summary: Current law establishes a workers' compensation system, administered by the Administrative Director of the Division of Workers' Compensation, to compensate an employee for injuries sustained in the course of the employee's employment. This bill would define "injury," for certain employees of a city, county, city and county, district, or other municipal corporation or political subdivision regularly exposed to active fires or health hazards directly resulting from firefighting operations, to include cancer that develops or manifests during a period in which the individual demonstrates that they were exposed to a known carcinogen while in the employment of the city, county, city and county, district, or other municipal corporation or political subdivision. The bill would establish a presumption that the cancer in those cases arose out of, and in the course of, employment, unless the presumption is controverted by evidence that the primary site of the cancer has been established and that the carcinogen to which the person has demonstrated exposure is not reasonably linked to the disabling cancer.

Summary: CEQA requires, if an environmental impact report is required, the lead agency to mail a notice of determination to each responsible agency, the Office of Planning and Research, and public agencies with jurisdiction over natural resources affected by the project. CEQA requires the lead agency to provide notice to the public and to organizations and individuals who have requested notices that the lead agency is preparing an environmental impact report, negative declaration, or specified determination. CEQA requires notices for an environmental impact report to be posted in the office of the county clerk of each county in which the project is located. This bill would instead require the lead agency to mail or email those notices, and to post them on the lead agency's internet website. The bill would also require notices of an environmental impact report to be posted on the

internet website of the county clerk of each county in which the project is located.

Summary: The California Public Employees' Pension Reform Act of 2013 (PEPRA) generally requires a public retirement system, as defined, to modify its plan or plans to comply with the act. PEPRA, among other things, establishes new defined benefit formulas and caps on pensionable compensation. This bill would establish new procedures under PERL for cases in which PERS determines that the benefits of a member or annuitant are, or would be, based on disallowed compensation that conflicts with PEPRA and other specified laws and thus impermissible under PERL. The bill would also apply these procedures retroactively to determinations made on or after January 1, 2017, if an appeal has been filed and the employee member, survivor, or beneficiary has not exhausted their administrative or legal

Summary: The Planning and Zoning Law requires a city or county to adopt a general plan for land use development within its boundaries that includes, among other things, a housing element. That law requires the planning agency of a city or county to provide, by April 1 of each year, an annual report to, among other entities, the Department of Housing and Community Development that includes, among other specified information, the number of applications submitted, the location and total number of developments approved, the number of building permits issued, and the number of units constructed pursuant to a specific streamlined, ministerial approval process. This bill would, commencing January 1, 2024, require a planning agency to include in that annual report specified information on costs, standards, and applications for proposed housing development projects and specified information on housing development projects within the jurisdiction.

Summary: Current law prohibits an ordinance that would result in an expansion of gambling in the city, county, or city and county from being valid unless the amendment is approved by a majority of the voters. Current law requires an amendment to a city or county ordinance relating to a gambling establishment or the act to be submitted to the Department of Justice for review and comment before the ordinance is adopted by the city or county. This bill would create an additional exception to that prohibition by authorizing a city, county, or city and county, commencing January 1, 2022, to amend its ordinance to increase the number of gambling tables that may be operated in a gambling establishment by up to 2 tables each calendar year, up to a maximum total of 10 additional tables, above the number of tables authorized in the ordinance in effect on January 1, 2022. The bill would authorize a city, county, or city and county's jurisdictional limit to be expanded to accommodate the

increase of gaming tables authorized by the bill. The bill would extend until January 1, 2028, the prohibition against a city, county, or city and county amending an ordinance to expand gaming in that jurisdiction beyond that permitted on January 1, 1996.

Summary: The Planning and Zoning Law, among other things, provides for the creation of accessory dwelling units by local ordinance, or, if a local agency has not adopted an ordinance, by ministerial approval, in accordance with specified standards and conditions. Current law prohibits a local agency's accessory dwelling unit ordinance from imposing a setback requirement of more than 4 feet from the side and rear lot lines for an accessory dwelling unit that is not converted from an existing structure or a new structure constructed in the same location and to the same dimensions as an existing structure.
