Subject: Public hearing on Rancho Deep Cliff Dr. APN #356-02-032

CAUTION: This email originated from outside of the organization. Do not click links or open attachments unless you recognize the sender and know the content is safe.

This email is to express our strong objection of having an internet tower in this densely populated area. Residents like us are within 50 ft to the tower and our health and safety are greatly compromised due to radiation all the time.

Plz take this into consideration while renewing the application.
