Grace Schmidt
City Clerk
City of Cupertino

This is my notification that I am resigning from the Cupertino Public Safety Commission effective following the close of today's meeting.

It has been a good experience, but I have come to realize that I am do not fit well into the Commission structure and that I can better serve the City via other activities.

I thank the City Council for selecting me for the Commission and allowing me the opportunity to participate for the past two and a half years.

Gratefully,

A handwritten signature in black ink that reads "Bob Cascone". The signature is fluid and cursive, with the first name "Bob" and last name "Cascone" clearly distinguishable.

Bob Cascone
