

AT&T U-verse

March 16, 2017

Public Information Officer Rick Kitson
City of Cupertino
10300 Torre Avenue
Cupertino, CA 95014

Dear Public Information Officer Kitson,

AT&T's contracts with programmers for the content displayed on U-verse TV® service periodically expire, or may be terminated, but are usually re-negotiated or extended with no interruption or change for our U-verse members. Additionally, from time to time it is necessary to change channel line-ups as well as television package contents. The programming changes set forth below may occur as follows:

March 2017:

As previously noticed, AT&T's contract with the programmer for the following channels is set to expire. While these channels will continue to be available to U-verse members so long as AT&T has the rights to carry them, if a reasonable agreement cannot be reached with the programmer the programming will no longer be available. AT&T may modify the channel location for the programming by moving them from their current channel location to a channel between 9501 – 9599, and if a reasonable longer term agreement cannot be reached with the programmers, we may lose the rights to carry them (listed in alphabetical order) in or after March 2017: Vme (channel 3015) and Vme Kids (channel 3058).

April 2017:

Effective April 1, 2017, QVC+ (channel 421) is rebranding to QVC2.

May 2017:

AT&T's contract with the programmer for the following channels is set to expire. While these channels will continue to be available to U-verse members so long as AT&T has the rights to carry them, if a reasonable agreement cannot be reached with the programmer the programming will no longer be available. AT&T may modify the channel location for the programming by moving them from their current channel location to a channel between 9501 – 9599, and if a reasonable longer term agreement cannot be reached with the programmers, we may lose the rights to carry them (listed in alphabetical order) in or after May 2017: NFL Network (channel 630 and 1630 in HD), and NFL Red Zone (channel 1629 in HD).

On or after May 1, 2017, the Uverse.com site may be retired and no longer available for video streaming. Customers will still be able to stream via the U-verse mobile app. More information will be available at Uverse.com.

Effective May 31, 2017 XETV (THE CW) in San Diego, CA (channel 6 and 1006 in HD) will cease operations. San Diego area viewers will have access to THE CW programming on another local station.

Customers will be provided with written notification of the above: customer bills include a message referring them to the Legal Notices in USA Today on the first and third Tuesday of each month, and to the AT&T website att.com/u-verseprogrammingchanges, for information on programming changes.

If you have any questions, please contact your local AT&T External Affairs manager, Angela Kung on 415-806-9470.

Sincerely,

Vice President – Regulatory Affairs
