Dear Chief Technology Officer Mitchell,

AT&T's contracts with programmers for the content displayed on U-verse TV® service periodically expire, or may be terminated, but are usually re-negotiated or extended with no interruption or change for our U-verse members. Additionally, from time to time it is necessary to change channel line-ups as well as television package contents. The programming changes set forth below may occur as follows:

September 2017:

As previously noticed, AT&T's contract with the programmer for the following channel is set to expire. While this channel will continue to be available to U-verse members so long as AT&T has the rights to carry it, if a reasonable agreement cannot be reached with the programmer the programming will no longer be available. AT&T may modify the channel location for the programming by moving it from its current channel location to a channel between 9501 – 9599, and if a reasonable longer term agreement cannot be reached with the programmer, we may lose the rights to carry it (listed in alphabetical order) in or after September 2017: MGM HD (channel 1116 in HD).

Effective September 9, Sprout (channel 337 and 1337 in HD) will rebrand to Universal Kids.

Effective immediately, ESPN Buzzer Beater (channel 613 and 1613 in HD) is removed by the Programmer.

Effective around September 25, Centric (channel 515) will rebrand to BET Her.
