Dear Chief Technology Officer Mitchell,

AT&T's contracts with programmers for the content displayed on U-verse TV® service periodically expire, or may be terminated, but are usually re-negotiated or extended with no interruption or change for our U-verse members. Additionally, from time to time it is necessary to change channel line-ups as well as television package contents. The programming changes set forth below may occur as follows:

AT&T may modify the channel location for the programming by moving them from their current channel location to a channel between 9501 – 9599, and if a reasonable longer term agreement cannot be reached with the programmers, we may lose the rights to carry them (listed in alphabetical order) in or after November 2017: Hallmark Channel (channel 365 and 1365 in HD), and Hallmark Movies & Mysteries (channel 366 and 1366 in HD).
