Re: Recology Organics Adjustment-Section 12.4

Dear Cheri:

Based on the HF&H review of Recology Organics reimbursement request Per Section 12.4 of the franchise agreement for additional processing cost of the commercial organic tons for calendar year 2016, Recology is requesting an additional \$5,365 for the increased tonnage of 1,116 tons over calendar year 2015.

This letter amends our request included in the August 11, 2017 annual rate application.

Please feel free to contact me at (408) 588-7224 or email jzirelli@recology.com if you have any questions or require additional information.

Sincerely,

A handwritten signature in black ink, appearing to read 'J. Zirelli', is written over the word 'Sincerely,'.

John Zirelli
General Manager
Recology South Bay
