

RESOLUTION NO. 18-

RESOLUTION ADOPTING THE CITY'S LIST OF STREET IMPROVEMENT PROJECTS FOR FISCAL YEAR 2018-19 TO BE FUNDED BY SB 1: THE ROAD REPAIR AND ACCOUNTABILITY ACT OF 2017

WHEREAS, Senate Bill 1 (SB 1), the Road Repair and Accountability Act of 2017 (Chapter 5, Statutes of 2017) was passed by the Legislature and Signed into law by the Governor in April 2017 in order to address the significant multi-modal transportation funding shortfalls statewide; and

WHEREAS, SB 1 includes accountability and transparency provisions that will ensure the residents of Cupertino (City) are aware of the projects proposed for funding in our community and which projects have been completed each fiscal year; and

WHEREAS, the City will receive an estimated \$978,379 in RMRA funding in Fiscal Year 2018-19 from SB 1; and

WHEREAS, the City used a Pavement Management System to develop the SB 1 project list to ensure revenues are being used on the most high-priority and cost-effective projects that also meet the communities priorities for transportation investment; and

WHEREAS, the funding from SB 1 will help the City maintain and rehabilitate sixteen streets this year, and add many more similar projects along with active transportation infrastructure throughout the City into the future; and

WHEREAS, the 2016 California Statewide Local Streets and Roads Needs Assessment found that the City streets and roads are in a "good" condition and this revenue will help us maintain the overall quality of our road system over the next decade; and

WHEREAS, cities and counties own and operate more than 81 percent of streets and roads in California, and from the moment we open our front door to drive to work, bike to school, or walk to the bus station, people are dependent upon a safe, reliable local transportation network; and

WHEREAS, maintaining the local street and road system provides well-paying construction jobs and boosts local economies; and

WHEREAS, police, fire, and emergency medical services all need safe reliable roads to react quickly to emergency calls and a few minutes of delay can be a matter of life and death; and

WHEREAS, maintaining and preserving the local street and road system in good condition will reduce drive times and traffic congestion, improve bicycle safety, and make the pedestrian experience safer and more appealing, which leads to reduced vehicle emissions helping the State achieve its air quality and greenhouse gas emissions reductions goals; and

WHEREAS, restoring roads before they fail also reduces construction time which results in less air pollution from heavy equipment and less water pollution from site run-off; and

WHEREAS, the SB 1 project list and overall investment in our local streets and roads infrastructure with a focus on basic maintenance and safety, investing in complete streets infrastructure, and using cutting-edge technology, materials and practices, will have significant positive co-benefits statewide.

NOW, THEREFORE, BE IT RESOLVED by the City Council of the City of Cupertino, as follows:

1. The foregoing recitals are true and correct.
2. The fiscal year 2018-19 list of projects planned to be funded with Road Maintenance and Rehabilitation Account revenues include:
