Dear Chief Technology Officer Mitchell,

U-verse Programming Changes

AT&T's contracts with programmers for the content displayed on U-verse TV® service periodically expire, or may be terminated, but are usually re-negotiated or extended with no interruption or change for our U-verse members. Additionally, from time to time it is necessary to change channel line-ups as well as television package contents. The programming changes set forth below may occur as follows:

March 2018:

As previously noticed, AT&T's contracts with the programmers for the following channels are set to expire. While these channels will continue to be available to U-verse members so long as AT&T has the rights to carry them, if reasonable agreements cannot be reached with the programmers, the programming will no longer be available. AT&T may modify the channel locations for the programming by moving them from their current channel locations to channels between 9501 – 9599, and if reasonable longer term agreements cannot be reached with the programmers, we may lose the rights to carry them (listed in alphabetical order) in or after March 2018: Havoc TV HD (channel 1490 in HD), Newsy (channel 175 and 1175 in HD), SNY HD (channel 1704 in HD), U-verse Shopping Multiview application (channel 412 and 1412 in HD), U-verse Paquete Espanol application (channel 3001); and World Fishing Network HD (channel 1679 in HD).

April 2018:

As previously noticed, AT&T's contracts with the programmers for the following channels are set to expire. While these channels will continue to be available to U-verse members so long as AT&T has the rights to carry them, if reasonable agreements cannot be reached with the programmers, the programming will no longer be available. AT&T may modify the channel locations for the programming by moving them from their current channel locations to channels between 9501 – 9599, and if reasonable longer term agreements cannot be reached with the programmers, we may lose the rights to carry them (listed in alphabetical order) in or after April 2018: NFL Network (channel 630 and 1630 in HD); NFL RedZone (channel 1629 in HD); QVC (channel 420 and 1420 in HD); and QVC2 (channel 421).

May 2018:

AT&T's contracts with the programmers for the following channels are set to expire. While these channels will continue to be available to U-verse members so long as AT&T has the rights to carry them, if reasonable agreements cannot be reached with the programmers the programming will no longer be available. AT&T may modify the channel locations for the programming by moving them from their current channel locations to channels between 9501 – 9599, and if reasonable longer term agreements cannot be reached with the programmers, we may lose the rights to carry them (listed in alphabetical order) in or after May 2018: HITN (channel 3055); Rai Italia (channel 3802); Time Life Channel (channel 229, 359 and 1359 in HD);

As well as the following:

- Effective May 1, 2018, the U-verse Food Network (Scripps) TV application (channel 457, 1457 in HD and Interactive Menu) will no longer be available on U-verse platform.
- Effective May 1, 2018, the U-verse iHeartRadio TV application (channel 532, 1532 in HD and Interactive Menu) will no longer be available on U-verse platform.
- Effective May 1, 2018, the U-verse Le Gourmet TV application (channel 458, 1458 in HD and Interactive Menu) will no longer be available on U-verse platform.
- Effective May 1, 2018, the U-verse Touchfit GSP TV application (channel 384, 627 and 1384, 1627 in HD and Interactive Menu) will no longer be available on U-verse platform.

Customers will be provided with written notification of the above: customer bills include a message referring them to the Legal Notices in USA Today on the first and third Tuesday of each month, and to the AT&T website att.com/u-verseprogrammingchanges, for information on programming changes.

If you have any questions, please contact your local AT&T External Affairs manager, Angela Kung on 415-806-9470.

Sincerely,

Vice President – Regulatory Affairs
