PARKS AND RECREATION COMMISSION STAFF REPORT

Meeting: January 10, 2019

Subject

Case Management Services at the Cupertino Senior Center Presentation

Recommended Action

Accept presentation on Case Management Services at the Cupertino Senior Center.

Discussion

Case Management Services are an integral and important part of the services offered by the Cupertino Senior Center. The primary mission is to connect seniors with resources to help maintain their independence and safety at home.

With a typical case load of over 100 active cases, the two Case Managers who work out of the Senior Center maintain a program with a strong reputation for keeping seniors as independent as possible. A link between social and recreational activities makes the program a perfect fit as part of the Senior Center program.

The City receives no income from the program and thus subsidizes two full time employees and provides other appropriate resources.
