

Sustainability Essay Contest

The Cupertino Sustainability Commission is excited to announce the Sustainability Essay Contest! By many measures, today's young students will grow up in an era of constraints and challenges caused by sustainability issues. Examples of sustainability issues include climate change, necessity of climate-change adaptation, and new devices to reduce or eliminate further environmental degradation (such as electric cars, more recycling, protection of key habitats, eating less meat, and encouraging individuals to modify their habits). Cupertino Union School District students in grades 6, 7, and 8 are invited to express their concerns and ideas regarding sustainability problems in Cupertino. The Sustainability Commission will select one winner per grade to receive a monetary award of up to \$100.

Deadline: March 7, 2019

Eligibility:

Applicants must be Cupertino Union School District students in grades 6, 7, or 8. Applicants need not reside in the City of Cupertino. However, the essay should address sustainability impacts in Cupertino.

The application can be found on the City website www.cupertino.org/EssayContest
