Dear Chief Technology Officer Mitchell,

U-verse Programming Changes

AT&T contracts with programmers for the content displayed on U-verse TV® service periodically expire, or may be terminated, but are usually re-negotiated or extended with no interruption or change for our U-verse members. Additionally, from time to time it is necessary to change channel line-ups as well as television package contents. The programming changes set forth below may occur as follows:

May 2019

As previously noticed, AT&T contracts with the programmers for the following channels are set to expire. While these channels will continue to be available to U-verse members so long as AT&T has the rights to carry them, if reasonable agreements cannot be reached with the programmers the programming will no longer be available. AT&T may modify the channel locations for the programming by moving them from their current channel locations to channels between 9501 – 9599, and if reasonable longer-term agreements cannot be reached with the programmers, we may lose the rights to carry them (listed in alphabetical order) in or after May 2019: EVINE Live and EVINE Live in HD; GMA Pinoy (channel 3683); Heroes & Icons (channel 137 and 1137 in HD); HITN (channel 3055 in HD); MBC America (channel 3643); MeTV (channel 23, 136 and 1023 and 1136 in HD); NFL Network (channel 630 and 1630 in HD); NFL RedZone (channel 1629 in HD); Pursuit HD (channel 1644 in HD); The Time Life Channel (channel 229, 359 and 1229, 1359 in HD);
