MAY 2019

The tobacco industry has a long history of using flavored tobacco to target youth and communities of color. The majority of youth who start experimenting with tobacco begin with flavored tobacco.¹ These products come in a variety of candy-like flavors including bubble gum, grape, menthol and cotton candy and include e-cigarettes, hookah tobacco, cigars, smokeless tobacco, and even flavored accessories such as blunt wraps.

Since 2009, the United States Food and Drug Administration (FDA) has banned flavored cigarettes nationwide. However, this ban included an exemption for menthol flavored cigarettes and doesn't extend to non-cigarette tobacco products. There are currently no state laws in California restricting the sale of flavored tobacco products. It is up to local communities to take action to protect their youth from the lure of enticing flavored tobacco.

The first community to restrict the sale of flavored tobacco in California was Santa Clara County in 2010. Since then, thirty-five communities have passed similar policies.

What products may be included?

- 1. E-Cigarettes** – Restricts the sale of flavored electronic cigarettes.
- 2. Menthol** – Restricts the sale of tobacco products labelled as menthol, including cigarettes, smokeless tobacco, little cigars, etc.
- 3. Little Cigars** – Restricts the sale of flavored little cigars, which are small, usually filtered cigars wrapped in brown paper containing tobacco leaf. Little cigars became a popular alternative following the FDA's ban on flavored cigarettes.
- 4. Smokeless Tobacco** – Restricts the sale of flavored smokeless tobacco such as chewing tobacco, dip, snus and snuff.

5. Components & Accessories – Restricts the sale of flavored accessory products such as blunt wraps and e-juice additives. These products cannot be smoked alone and serve as a delivery system for smoked products.

6. Products Marketed as Flavored – Tobacco companies sometimes try to circumvent flavor restrictions by marketing products as flavored without directly labelling them as such. This policy option allows communities to broaden the definition of flavored tobacco to include these products.

What exemptions are allowed?

- 1. Adult-Only Stores Exempted** – Adult-only retailers are limited to customers who are 21 and over. This limits sales of flavored tobacco to stores that youth do not have access to.
- 2. Grandfathered Retailers Exempted** – Allows retailers that were in operation prior to a specified date to continue selling flavored tobacco products.
- 3. Limited to Youth-Populated Areas** – Retailers are required to be a certain distance away from schools, parks, or other youth-oriented locations. Since many flavored tobacco products target youth, including buffer zones is a way to limit their access to flavored products.
