General Plan Consistency Notes for File No. CP -19-6262 City of Cupertino Capital Improvement Program: Regnart Creek Trail, Citywide Community Gardens, and Linda Vista Trail projects

Project Titles	Project Description	General Plan Consistency Review Notes
Regnart Creek Trail	Design and construct a bicycle – pedestrian trail along Regnart Creek from Pacifica to E. Estates.	Promote improvements to City streets that safely accommodate all transportation modes and persons of all abilities; see General Plan Goal M-2
Linda Vista Trail	Design and construct a bicycle pedestrian trail between Linda Vista Park and McClellan Road.	Support a safe pedestrian and bicycle street network for people of all ages and abilities; see General Plan Goal M-3 Ensure safe and efficient pedestrian and bicycle access to schools while working to reduce school-related congestion; see General Plan Goal M-5
		Develop and implement an updated citywide transportation plan necessary to accommodate vehicular, pedestrian and bicycle transportation improvements to meet the City's needs; see General Plan Policy M-10.1 Integrate the financing, design and construction of ped and bike facilities with street projects. Build ped and bike improv. at the same time as improvements for vehicular circulation; see General Plan Policy M-10.3

Project Titles	Project Description	General Plan Consistency Review Notes
Citywide Community Gardens	Develop a grant funding program for proposals within the City for building additional community gardens. The project includes identification of potential garden locations, identification of size, number of plots and establishment of design standards.	Ensure that the City's infrastructure is enhanced and maintained to support existing development and future growth in a fiscally responsible manner; see General Plan Goal INF-1
Linda Vista Trail	Design and construct a bicycle pedestrian trail between Linda Vista Park and McClellan Road.	Upgrade and enhance the City's infrastructure through the City's Capital Improvement Program (CIP) and requirements for development; see General Plan Policy INF-1.1
Regnart Creek Trail	Design and construct a bicycle – pedestrian trail along Regnart Creek from Pacifica to E. Estates.	Ensure that CIP projects reflect the goals and policies identified in Community Vision 2040; see General Plan Strategy INF-1.1.1 Ensure that public infrastructure is designed to meet planned needs and to avoid the need for future upsizing. Maintain a balance between meeting future growth needs and over-sizing of infrastructure to avoid fiscal impacts or impacts to other goals; see General Plan Strategy INF-1.1.2

Project Titles	Project Description	General Plan Consistency Review Notes
Citywide Community Gardens	Develop a grant funding program for proposals within the City for building additional community gardens. The project includes identification of potential garden locations, identification of size, number of plots and establishment of design standards.	<p>Create a full range of park and recreational resources and preserve natural resources; see General Plan Goal RPC-1</p> <p>Provide parks and recreational facilities for a variety of recreational activities; see General Plan Policy RPC-2.5</p> <p>Extend recreational opportunities for special needs groups (seniors, disabled, visually-challenged, etc.) by making improvement to existing facilities and trails; see General Plan Strategy RPC-2.5.1</p> <p>Design parks to utilize natural features and the topography of the site in order to protect natural features and keep maintenance costs low; see General Plan Policy RPC-3.1</p> <p>Design parks appropriately to address the facility and recreational programming required by each special area and neighborhood based on current and future-plans for the areas; see General Plan Policy RPC-4.1</p> <p>Design facilities to reduce maintenance, and ensure that facilities are maintained and upgraded adequately; see General Plan Policy 7.3</p> <p>Continue to plan and provide for a comprehensive system of trails and pathways consistent with regional systems, including the Bay Trail, Stevens Creek Corridor and Ridge Trail; see General Plan Policy M-1.3</p>
