### PARKS AND RECREATION COMMISSION STAFF REPORT

February 6, 2020

#### Subject

Parks and Recreation Master Plan Update.

#### Recommended Action

Receive Update on the Status of the Parks and Recreation Master Plan and appoint a Commissioner to work with staff to identify projects to be placed in the upcoming operating and capital improvement budgets.

#### Discussion

On December 5, 2019 the Parks and Recreation Commission recommended that the Updated October 2019 Master Plan be adopted by City Council. The Master Plan will be brought to City Council for adoption at the February 18, 2020 meeting.

If the Master Plan is approved by City Council, Staff from the Parks & Recreation and Public Works Departments will need to identify projects to be placed in the upcoming operating and capital improvement budgets. Staff would appreciate the Commission Chairperson appointing a Commissioner to assist in that step of the process.

#### Sustainability Impact

There is no sustainability impact associated with receiving the update, although there may be an impact if certain portions of Parks and Recreation Master Plan are implemented.

#### Fiscal Impact

There is no fiscal impact associated with receiving the update, although there may be an impact if certain portions of the Parks and Recreation Master Plan are implemented.
