### **PARKS AND RECREATION COMMISSION STAFF REPORT**

Meeting: March 5, 2020

#### **Subject**

Blackberry Farm Entrance Road Improvements – Feasibility Study Alternatives

#### **Recommended Action**

Receive the presentation on the Blackberry Farm Entrance Road Improvements – Feasibility Study Alternatives and select preferred alternative.

#### **Discussion**

The Department of Public Works is working with Underwood and Rosenblum on a feasibility study to provide safer pedestrian and bike pathways at the entrance road to Blackberry Farm on San Fernando Avenue. The various design options and the highly rated options based on several rating factors such as safety, amount of tree loss, environmental and traffic impacts, and constructability will be presented to the Commission. The Commission can reference the [website](#) to review the alternatives presented and the comments that were received at the public meeting that was held on February 12, 2020.

After careful review of the design alternatives, the Commission can provide their comments and collaboratively select their preferred alternative.

#### **Sustainability Impact**

The feasibility study phase of the Blackberry Farm Entrance Road Improvements does not have any sustainability impact.

#### **Fiscal Impact**

Funds for this project are allocated in the FY2019-2020 Capital Improvement Program.
