STAFF REPORT For the Parks & Recreation Commission Meeting on May 14, 2020

Subject

Satellite Community Garden Project

Recommended Actions

Receive an update from staff regarding the selection of potential Satellite Community Garden locations.

Discussion

The City Council approved the Community Garden at McClellan Ranch at their February 18, 2020 meeting. \$300,000 of the original funds were set aside last year for use in Satellite Gardens in other locations throughout the community. At the February 2020 Parks & Recreation Commission meeting, the Commissioners were asked to identify a few potential locations in Cupertino for further evaluation by each of the Commissioners. That list of potential locations was presented to the Commissioners at the March 2020 Commission meeting, however the COVID-19 shelter-in-place order has prevented the commissioners from performing all of the site visits necessary to evaluate the various locations. The project will resume once the shelter-in-place order is lifted.

Sustainability Impact

No sustainability impact is associated with the receipt of this report, although there may be impacts when a Satellite Community Garden is constructed.

Fiscal Impact

There is no fiscal impact associated with the receipt of this report, although there will be fiscal impacts to the City when a Satellite Community Garden is constructed.

Prepared and Approved by: Randy Schwartz, Interim Parks & Recreation Director
