FINE ARTS COMMISSION STAFF REPORT

July 27, 2020

Subject

Fine Arts Commission FY 2020-21 Work Program.

Recommended Action

Review and Provide Recommendation to City Council on Fine Arts Commission FY 2020-21 Work Program.

Discussion

The Council approved the City Work Program shortly after a Local Emergency proclamation was issued (along with State and Federal emergency proclamations) related to the COVID-19 pandemic. At that time, it was acknowledged that the Work Program presented on March 31 would need to be updated as circumstances evolved, and more information became available on how the pandemic would impact the City. After further evaluation of administrative and financial impacts, it has been determined that the City is likely to experience significant revenue losses and a potential recession. Amendments occurred at the June 2 City Council meeting due to revenue losses related to COVID-19, the FY 2020-21 City Work Program was reviewed to identify items that could be scaled back or removed in order to maintain a balanced budget. The final adopted version of the FY 2020-21 City Work Program (Attachment D) is attached.

A document entitled *Guidance on Commission Work Programs FY 2020-21* (Attachment A) is attached as an additional resource and was instrumental in establishing the proposed work program for your review. The Fine Arts Commission proposals that were decided upon at the January 13, 2020 meeting (Attachment C) were not incorporated into the city work program (Attachment D) and have been reviewed and amended by staff. The municipal code, program budget and staff allocations (Attachment B) were considered when staff amended the Fine Arts Commission's FY 2020-21 work program. Please note the ongoing operational items are not included in the annual work program.

It is recommended that the Fine Arts Commission review and approve the proposed amended FY 2020-21 Fine Arts Commission Work Program. (Attachment C)
