STAFF REPORT **For the Parks & Recreation Commission Meeting on** **September 3, 2020**

Subject

Update on the Coronavirus' Impacts to Cupertino Parks and Recreation Programs.

Recommended Actions

Receive an update from staff regarding the impacts of the Coronavirus on the Parks and Recreation programs.

Discussion

Since March 2020, when the impacts of the coronavirus were felt in Santa Clara County, the City of Cupertino has taken multiple actions for the public's health and safety. All facilities, recreation programs, rentals and special events were initially closed or cancelled, and staff then handled the administrative tasks while working from home. The Parks Rangers continued to monitor the trail, and a few employees tended to the animals at McClellan Ranch. The Parks and Recreation Department has continued to monitor updates to the County's Shelter in Place Order and adapt as needed. At the September 3rd Parks and Recreation Commission meeting, we will provide the most up-to-date information on the Coronavirus' impacts to the Parks and Recreation Department's programs.

Sustainability Impact

No sustainability impact is associated with the receipt of this report.

Fiscal Impact

There is no fiscal impact associated with the receipt of this report.
