OLD BUSINESS

2. Subject: Participation in the Cupertino Alert System, Alert SCC and Pulse Point (Huang/McCoy)

Recommended Action: Discuss Participation in the Cupertino Alert System, Alert SCC and Pulse Point

Commissioner Huang spoke with Robert Kim and confirmed that the county is using the same ALERT SCC system and they are currently in the process of creating new data, which will require new sign ups. According to Mr. Kim, once the contract with CAS expires, the City of Cupertino will not be renewing the contract and will be using the free ALERT SCC program. Captain Urena inquires about the concern if CAS is replaced. Commissioner Tallinger responds that none of the people that are signed up with the program will get any alerts and that will cause the commission to re-sign about 8,000 people that have already signed up.

Commissioner Huang recommends Santa Clara County OES attend the next commission meeting to talk about this new potential change with ALERT SCC. Santa Clara County Fire Deputy Chief Justice agrees to contact someone knowledgeable about the potential change with ALERT SCC so that he/she may attend the next meeting.

Commissioner McCoy states he is waiting to determine what the commission's budget will be next fiscal year to decide how to proceed with Pulse Point outreach.

Commissioner Tallinger asked if Commissioner Sahai had flyers promoting the Senior Safety event at the senior center and Commissioner Sahai responded that she had sent the flyers to Lupe at the senior center previously. The Senior Safety Seminar Presentation will be held on March 18, 2017 at 9am at the Senior Center in Cupertino.

Commissioner Tallinger reported on the Transportation Safety Forum. Commissioner Tallinger explained he would like to have the presentation as an open forum and invite the public, city and other commissions to discuss all traffic issues, including PSC, Bike Safety, School Boards, Walk Bike Cupertino, and Safe Routes to School. The forum would be held on a Saturday for about 3 hours.

Commissioner Tallinger received an email from Commissioner Nellore stating he was considering holding a forum in mid-May on neighborhood burglary awareness.

Deputy Fire Chief Justice gave a presentation to the commissioners on the Fire District's January report and did not have the February's report available yet. Fire loss for the month of January was \$700. Deputy Chief Justice pointed out the response times are well within the agreed upon times. The district is looking at evaluating how the data is presented so as to make the visual reports easier to understand.

Fire Captain Murphy talked about the three workshops that were held in the area with the goal of getting feedback from the community as to how the department is performing and what they can do better.

9. Subject: Report by The Santa Clara County Sheriff's Office
Recommended Action: Receive Report by The Santa Clara County Sheriff's Office
Captain Urena reported on statistics for the month of February. He explained all response times were met. The month of February did have one robbery at Whole Foods where the suspect was trying to take some property. As the suspect left the store, the security guard tried to catch him but the suspect forcefully ran away, which changed the theft to a robbery.

The suspect was subsequently caught and taken into custody by deputies. The Sheriff's Office continues to work on reducing home burglaries but in the month of February, the Sheriff's Office did get 8 such reports. Captain Urena explained that he has implemented a covert pilot program which includes two deputies working full time to try and mitigate burglaries and thefts. Citations for this past month were the following: moving violations 236, speeding violations 64, and other citations 156.

Captain Urena was asked if he had a way of knowing if the people that are being cited are Cupertino residents or are they pass-byers. Captain Urena said every morning deputies monitor traffic in and around different schools so it very well may be that the residents are being issued citations. Captain Urena was not sure and added that he would look into the actual numbers.

10. Subject: Receive Commissioner Reports

Recommended Action: Receive Commissioner Report

Commissioner McCoy reports that he was aware of a safety concern involving a pedestrian crosswalk off of Stelling and McClellan where pedestrians are feeling unsafe crossing the street at that intersection. He adds that some intersections may need some type of engineering.
