ORAL COMMUNICATIONS

Noel Eberhardt, Cupertino resident, thanked the Parks and Recreation Commission and Cupertino Public Works Department. Requested the City provide a continuously accessible porta potty out at the Kennedy Middle School field.

Dan Marshall, Cupertino resident, shared some recreation ideas to implement at parks to the Commission.

WRITTEN COMMUNICATIONS

None

Vice Chair Biyani moved item number 4 to next on the agenda.

NEW BUSINESS

4. Initiate design for a multi-modal trail along the old haul road between McClellan Road and Linda Vista Park, east of Deep Cliff Golf Course.

Timm Borden, Director of Public Works, introduced Chad Mosley, City Engineer, to present a possible new design project for a trail along the old haul road at Linda Vista Park, connecting it to McClellan Ranch. Requested feedback from the Commission.

Dan Marshall, Cupertino Resident, supported this project.

Elizabeth Tu, Cupertino Resident, also supported the study, but asked for greater focus on the safety of the street crossing at McClellan Road.

The Commission supported the study, but emphasized focusing on the safety of crossing the street at McClellan Road and getting feedback from the neighbors whose homes are adjacent to the trail.

OLD BUSINESS

2. Citywide Parks and Recreation System Master Plan – Park Recommendations, New Park and Recreation Facilities, and Added Recreation Elements

Gail Seeds, Parks Improvement Manager, presented to the Commission an update on the Master Plan. First reviewed the major facilities table that was uploaded with the agenda and asked for feedback from the Commission.

Vice Chair Biyani suggested the breakdown of the short term plan to 1 to 2 years, to understand through surveys, and inquiry of local partners, if there's interest before building the long term facilities.

Commissioner Wilson suggested looking at the partnerships first to fulfill some of the goals.

Dan Marshall, Cupertino resident, suggested utilizing the Vallco Area or Oaks Shopping Center Area to accomplish some of the goals.

Elizabeth Tu, Cupertino resident, asked for an analysis of the current usages of the Senior Center, Teen Center, etc. and to study existing sites first and then prioritize based on the studies and community input.

Commissioner Davis suggested adding being creative on new park spaces, for the trails to call out the UP corridor, and to see the gym and swim facilities linked at the same site. Also the arts theater should be close to downtown and to mention the Blesch House and Barn at McClellan Ranch.

Vice Chair Biyani asked for more detail on the public engagement process. Since the Teen Center is a priority and currently underutilized, suggested a pilot program of moving it to Creekside Park and see how well received it could be. Also suggested moving the Monta Vista Recreation Center preschool to the Portal Park, if their footprints are close enough in size.

Noel Eberhardt, Cupertino Resident, suggested relooking at the usage of the Senior Center during off hours and looking towards the block leader program to gather more feedback from the public.

Gail then covered the Added Recreation Elements table and the Park recommendations table and asked for feedback.

For Jollyman Park, Commissioner Wilson suggested adding sustaining existing field usages and Commissioner Davis suggested adding the off leash dog survey to the table. For Linda Vista Park, Commissioner Wilson suggested adding a senior par course and to renovate the current equipment already there. For the Sports Center, Commissioner Wilson suggested adding expanding upwards and rooftop use.

Due to technical difficulties, Vice Chair Biyani called a break at 8:57pm.

Chair Tambe called the meeting back to order at 9:16pm.

Commissioner Davis asked to call out historical interpretive signage for the Stevens Creek Corridor. Commissioner Stanek asked to add in the table the proposal of the haul road trail. Commissioner Wilson asked to change the word renovated to repurposed for the Memorial Park Pond. Vice Chair Biyani asked to flush out the short term plans, especially for the Teen Center and preschool. Chair Tambe agreed with prioritizing the Teen Center and wanted to see the healing garden as a stand alone item.

3. 2018-2019 Draft Work Plan

The Commission reviewed the work plan. Jeff Milkes, Director of Recreation and Community Services, confirmed moving out the Organizational Structure Presentation item and the Department Strategic Plan Study Session. Suggested inviting the Teen Coordinator to come speak about the Teen Center to the October meeting. Commissioner Stanek asked to move the work plan presentation for City Council to the first meeting in October.
