OLD BUSINESS

3) Election of Chair and Vice Chair (Stillman)

David Stillman recommended this item to be postponed to the next Commission meeting. The Commission voted unanimously to postpone this item to the next Commission meeting, with Erik Lindskog and Peter Heller absent.

4) Citywide Park and Recreation System Master Plan (Seeds)

Jeff Milkes introduced this topic by summarizing the objectives of the 2018 Cupertino Parks and Recreation System Master Plan. One of the goals will be to provide direction for the Recreation and Community Services Department as it improves and enhances parks and recreation over the next 20 years. A specific initiative is safe routes to parks.

Gail Seeds was following up with a more detailed overview of the plan including its 7 Goals (Conservation, Connection, Equitable Access, Enhancement, Activity, Quality). This plan was developed with various community input sessions and surveys.

The plan incorporates 12 Outreach Themes (Park & Facility Access, The Arts, Uniquely Cupertino, Cultural Diversity, Nature Experience, Partnerships, Extraordinary Play, Recreation Variety, Trails & Connectivity, Social Gathering & Celebration, Welcoming Places & Services, Youth & Teen Empowerment).

A discussion followed the presentation with suggestions to include a Community Garden feature for Cupertino, and also to include and incorporate more prominently the Cupertino Loop, which is a major feature of the 2016 Cupertino Bicycle Plan. It was also noted the east part of Cupertino is underserved in terms of park facilities, and should be prioritized accordingly.

5) Bicycle Boulevard Update (Stillman)

David Stillman provided an update on the design of the Bicycle Boulevards.

Currently the design is 65% completed, with a goal to start construction in June 2019 with a completion in Fall 2019. The specific Boulevards reviewed include Portal, Greenleaf/Merritt, and Torre/Town Center. A variety of treatment options including speed tables, raised crosswalks, and Sharrows were discussed.
