The applicant, Catherine Chen, also addressed the Commissioners. She would like to convert the space to non-retail uses for several reasons including the lack of parking. Retail uses require more parking spaces than are available on site. The Commissioners agreed that old legislation and old planning methodologies have contributed to the need for these kinds of exception requests.

Moved by Wang and seconded by Fung to: Recommend that the City Council approve the modification to the Use Permit. The motion carried 4-0-1 (Saxena absent)

The Planning Commission took a five minute break at 9:00 p.m.

Recommended Action: Conduct the public hearing and recommend that the City Council; 1) find that the proposed action is exempt from CEQA; and 2) Add Title 17 (currently reserved) to the Cupertino Municipal Code for Environmental Regulations and adopt regulations in a new Chapter 17.08: VMT Standards, which establishes screen criteria, a 14.4% VMT reduction threshold, and a qualified exemption for local-serving retail projects, for purposes of CEQA analysis, per the Draft Resolution
